

DIEGEL'S COMPLETE DENIAL

False Reports Compel
Him to Give Out
Facts

HAS NOTHING TO TELL

Says He Is Ready to Receive
Sentence from Court and
Will Then Carry
Up Case.

Columbus, Aug. 24.—The following is the complete statement of Rodney J. Diegel, denying knowledge of legislative crookedness, which was mentioned in yesterday's dispatches:

Diegel's Statement.

In view of the fact that Diegel has admitted in private that he had nothing to do with the affidavit of prejudice against Judge Kinkaid, the authorship of yesterday's statement has been questioned. Diegel said he was the author. This is what it says:

"Until today I had not thought it necessary to make any statement in reply to the highly colored stories that have been in circulation concerning myself, knowing in my own mind the amount of truth and the amount of coloring which these stories have contained. However, the continued attempts to make sensational reading out of my conference with Attorney General Hogan and the prosecuting attorney, Turner, impel me at this time to state the facts. The reports that I have made a startling confession or am about to make a startling confession, concerning members of the legislature are erroneous. Having no knowledge of any wrong-doing on the part of any of the members or myself, I have nothing to confess.

"I arrived in Columbus Sunday evening and registered at the Virginia Hotel, going almost immediately to my room and to bed. Monday I was about the state house most of the day and met dozens of people who knew I was in the city. About 7:30 o'clock Monday evening I was notified by a newspaper man that a capias had been issued for me to appear in court. This was my first knowledge that such an order had been issued. I at once called upon the office of my attorneys, but was unable to locate any of them.

"I then determined to call on the attorney general, to notify him that I was in the city and would be on hand when wanted, if wanted. Tuesday morning, I found the attorney general at his office in the state house and explained to him that I had just learned that a capias had been issued for my appearance in court. Before leaving his office I made an appointment to meet him and the prosecuting attorney the following morning. I kept that appointment, as agreed. Legislative matters were discussed, and they asked me if I was prepared to make a statement. I told them that the only knowledge I had was the talk among the lobbyists about the state house.

"Conscious of my own innocence I have at all times been ready to have the lower court pass sentence upon me. I have been present in court to the minute whenever required, and will be there. I was present in court on Aug. 2, when the motion for a new trial was overruled, ready to receive sentence. Sentence was not pronounced at that time, and my attorneys have since informed me that an entry went on the journal continuing the matter for 30 days, which will be to Sept. 2. And it was therefore with a great deal of surprise that I learned on Monday night that a capias had been issued for my appearance in court the following morning. I am still ready to receive sentence from the court at any time and am prepared to take the case immediately to the highest courts, where I am confident the injustice done me will be righted."

HEIRESS CHARGES NEW HUSBAND IS A BIGAMIST

Detroit, Aug. 24.—Edward Trumbull Smith, well known Detroit artist, with scores of European triumphs to his credit, today has disappeared, following the announcement from New York that Catherine Dreier Trumbull Smith, his bride of 72 hours, and a Brooklyn society girl and heiress, would investigate the charge that he is a bigamist. His mother's home in

this city is locked today and his stepfather declines absolutely to discuss the whereabouts of the artist. The Brooklyn society girl is going to England to personally investigate the alleged previous marriage of Trumbull Smith to an artist model by whom it is said he had one child.

INSTITUTE ATTENDANCE INCREASING

EXCELLENT LECTURES BY WELL-KNOWN EDUCATORS INTEREST COUNTY TEACHERS.

Governor Glenn of North Carolina Delivers the Temperance Lecture Required by the Institute.

The Institute is being well attended, the attendance increasing every day and much interest is being taken in all of the splendid talks which are given. The attendance is not confined to teachers alone and at every session many people from this town have been there to receive interest in the things they formerly studied about.

Wednesday afternoon Dr. Green gave an exceedingly interesting lecture on "A Literary Ramble Around Boston." In this he told of his visits in Boston, to Old South church, where Paul Revere's signal was hung. Then to Concord to the homes of Harriet Beecher Stowe, Lowell and Mark Twain. He visited Lowell and Little Sleep Hollow cemetery where Emerson, Hawthorne and Alcott are buried, also other famous people.

In the evening Ex-Governor Glenn, of North Carolina, talked to a large audience on "Temperance." His subject was given the best of attention to by all present.

Thursday morning the Institute was resumed at 8 o'clock, opened up by music and Dr. Tyler led the devotional exercises.

Dr. Gephart's subject for this morning, "What We Buy and Where We Buy It," was very interesting. He explained fully the tariff bill and the importance it has to the manufacturing industry.

After this there was a short intermission, followed by a vocal solo by Mrs. C. L. Roberts of Utica, which was well rendered.

"Our Antiquated Taxation System" was ably handled by Dr. Gephart, who clearly defined the meaning of taxation, which is "Compulsory exaction upon the state." He covered in detail the stages in its development, its shortcomings and characteristics and the two divisions, personal and real property, and the lack of uniformity. He ended by a brief summary of the auditor's report of Licking county.

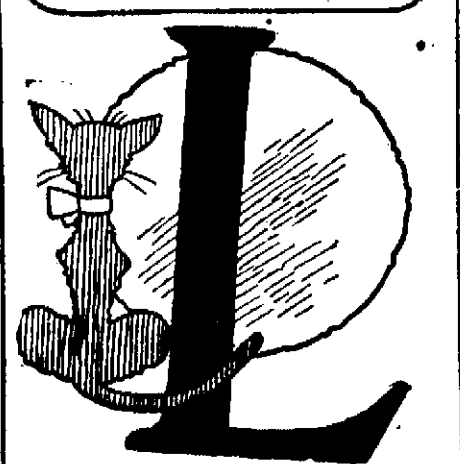

The next subject by Dr. Green, "Wanderings in Westminster Abbey," was well handled. He told many interesting things about this wonderful place, the real name of which is "College Church of St. Peter in Westminster." He dealt with the literary side rather than the historic, which covered the many great writers buried in the Poet's Corner. In conclusion he urged the teachers to appreciate in full.

SEN. WM. LORIMER WANTS VINDICATION

DuQuoin, Ill., Aug. 24.—Senator William Lorimer, after months of silence in the face of charges of irregularities in his election to the United States senate, will today begin an active campaign for popular vindication at the big Southern Illinois soldiers' and sailors' reunion here. It is declared that the practical side of his attempt to vindicate himself will be his effort to nominate Richard Yates for governor and elect sufficient Lorimer men to the next state legislature to hold the balance of power required to elect him to the senate.

WHAT IS IT?

Found on a farm?
Answer to Wednesday's puzzle—Cherokee.

ACCIDENT TO MOTOR STOPS HIM

Atwood Will Not Complete
Flight to New York
Today

REACHES NYACK, N. Y.

Made Early Morning Start from
Castleton and Sailed Over
West Point--World's
Record Broken.

Hudson, N. Y., Aug. 24.—With weather conditions almost perfect, Harry N. Atwood, in his world's record flight, started at 7:42 from Castleton this morning, on the last leg of his great journey. His mechanics worked a great part of the night overhauling his machine and he himself was up at 5:30, aiding in the work. He stated that he expected to cover the 134 miles to New York by mid-afternoon.

At 9:52 he circled over West Point, N. Y., 84 miles from his starting point, but was unable to find a place to alight on the parade ground. He headed his machine back across the river and landed in a field just outside of Cold Springs.

He stated that he would defer the remainder of the flight so he would arrive in New York after noon. By this morning's flight he now holds the world's record for long distance flying.

Nyack, N. Y., Aug. 24.—An accident to his motor prevented Atwood from completing his St. Louis-New York flight today. After landing on Hook Mountain, Atwood came to this city with pieces of the motor, which he said would have to be repaired before he could resume his flight. He stated that it was improbable that he could complete his journey now before tomorrow. He has engaged rooms in a local hotel.

NEW MEMBER STATE BOARD OF AWARDS

Columbus, Aug. 24.—Governor Harmon today appointed Morris H. Woodhall of Dayton, a carriage manufacturer, as a member of the new state board of workingmen's compensation awards, to take the place of William Grieves of Columbus, who was disqualified by reason of his not being a naturalized citizen of the United States. Woodhall is appointed as a representative of the employers of the state. He is a Republican. The other members of the board are Duffy of East Liverpool, representative of the workingmen, and Wallace Yapple of Chillicothe. Both the latter are Democrats.

FRENCH GIVES FINAL WORD TO GERMANY

Paris, Aug. 24.—The French government at a special cabinet meeting, tomorrow will frame its last word of Germany in the Moroccan dispute. The answer will be given directly to the ambassador of Germany who will then depart to communicate with the German government. He will be instructed to make it plain to the Germans that France is determined to adhere to its declaration. The contents of this declaration has been conveyed to the Russian and English cabinets and has been ratified by them.

CONGRESSMAN ASHBROOK IS BACK IN OHIO

Congressman W. A. Ashbrook and his secretary, Ernest Cornell, returned home from Washington Thursday morning, congress having adjourned on the 22d. Mr. Ashbrook will remain in Ohio until the regular session convenes in December, and Mr. Cornell will return to Washington in about a month and will look after Mr. Ashbrook's interests during his absence.

BATTLE SCARRED VETERANS OF LOS ANGELES FIFE AND DRUM CORPS AT G. A. R. ENCAMPMENT, WHOSE AGES TOTAL 1,024 YEARS

A conspicuous delegation attending the Grand Army encampment at Rochester, N. Y., is the old Los Angeles Veteran Fife and Drum Corps. There are 15 of these veterans, and each saw service during the war. All of them have battle scars. The ages of the 15 veterans average 70, while the total foots up to 1,024 years. The "vets" are: Drummer Robert Bain, Fifth Ohio Infantry, 70 years; Drummer Philo L. Case, Second Iowa Infantry, 73 years; Drummer S. H. Hagedline, Company I, Thirty-eighth Iowa Infantry, 67 years; Drummer W. E. H. Powelson, Company B, Twenty-third Michigan Infantry, 66 years; Drummer M. S. Spotswood, Company B, One Hundred and Fifth Pennsylvania Infantry, 67 years; Drummer N. D. Daniels, Company D, Forty-eighth Iowa Infantry, 62 years; Drummer Ben F. Hilliker, Company A, Eighth Wisconsin Infantry, 68 years; Fifer John S. Vennum, Company I, Twentieth Illinois Infantry, 69 years; Fifer George W. Wolfe, Company L, Fourteenth Illinois Cavalry, 68 years; Fifer I. Culbertson, Company E, Sixty-eighth Ohio Infantry, 71 years; Fifer S. B. Gregory, United States Navy, 65 years; Fifer C. E. Townsend, One Hundred and Fifty-third Illinois Infantry, 66 years; Fifer J. A. Stansbury, Company A, One Hundred and Eighty-fifth New York Infantry, 71 years; Fifer George W. Seitz, Company F, One Hundred and Fifty-ninth Ohio Infantry, 69 years; Bass Drummer A. M. Thornburg, chief bugler, Ninth Indiana Cavalry, 72 years. The Pacific delegation began early to make a vigorous campaign to get the next national G. A. R. encampment at Los Angeles.

THREE GOOD STORIES GLEANED FROM THE DAY'S TELEGRAPH

LIQUOR FLOWS IN LINTON, IND., SEWERS

Linton, Ind., Aug. 24.—The people of this place voted to have a dry town and yesterday they celebrated their first real victory over the wets by raiding three drug stores which had been closed by the arrest of the proprietors for running blind tigers. Sixteen hundred bottles of beer and 1000 half pint bottles of whiskey were emptied into the sewer. Two 50-gallon barrels of gin were also relieved of their contents. It is estimated that \$3000 worth of wet goods has been confiscated here this year.

Curtis Dittmore and Noah George, proprietors of drug stores, who were fined \$50 each and sentenced to jail for 30 days, have made an agreement with the officials, including members of the state board of pharmacy, by which the jail sentences were suspended on condition that they go out of business.

STOLE VALUABLE DOG FROM POLICE CHIEF

Pittsburg, Aug. 24.—Superintendent of Police Thomas A. McQuaide is mourning the loss of his \$500 prize bulldog Sherlock, which was stolen right out of his arms, as it were. The superintendent, on the front porch of his country home, was petting Sherlock and making him retrieve bits of sticks. Sherlock, apparently tiring of the sport, failed to bring back one of the sticks, and instead allowed himself to be called off by an overalled man who, the superintendent thought, was one of a gang of wiremen near the McQuaide home. The man picked Sherlock up, put him in a buggy and drove off. The coup was so bold that the superintendent was not aroused. Five minutes later the wiremen convinced McQuaide that the man with the buggy was a stranger to them.

SNEEZE BLEW OFF LADY'S COIFFURE

Pittsburg, Aug. 24.—Maxim Romanly went into the Russian Independent church here yesterday morning and took his hay fever with him. He knelt right behind Mrs. Paul Dorskay, who was beside her husband. When the services were half completed, Mrs. Dorskay, who has a great deal of her own blonde hair and then some, sat back in the pew. Just then Romanly felt an unusually violent attack of hay fever coming on and before he could get his kerchief and his hands from under his beard he sneezed. Such a sneeze it was that it blew off half Mrs. Dorskay's coiffure, turned the congregation around and made Mr. Dorskay fighting mad. The men quarreled in the church and went outside to settle it. The sexton run out after them and before they struck a blow he had arbitrated everything. Mrs. Dorskay absolved Romanly for his cyclonic, though unintentional, conduct, but she refused positively to redon the ringlets and she left them lying on the church floor.

PRISONER AT COUNTY JAIL ATTEMPTS SELF-DESTRUCTION

Thomas Soule, who was bound over to the Common Pleas Court, on the charge of shooting at his wife with intent to kill, and who has been confined at the county jail for about three months has been acting queerly for some days, and it was feared that he was being his mind. Shortly after three o'clock Wednesday afternoon, Edgar Owens, in passing through the corridors of the jail on the first floor, discovered Soule hanging, with a rope around his neck, from the bars of his cell. He immediately gave the alarm and Deputy Sheriff Henry Rinehart at once responded, and the man was cut down. He was found to be in an unconscious condition and nearly dead from strangulation. He had secured the rope from his cot.

Dr. Barnes was called, but before he arrived the people at the jail had succeeded in partly resuscitating him, and the doctor soon had him completely restored to consciousness. Soule refused to talk or to give any reason for attempting to take his own life.

Dr. Anderson soon after filed an affidavit of insanity against him and he was taken before the Probate Court, where he was adjudged insane. He was taken over to Columbus Thursday afternoon by Sheriff Shabough, and turned over to the officials of the State hospital.

RATHER WORK THAN BE RICH MAN'S DOLL

Chicago, Aug. 21.—Attired in a plain blue gingham dress, through the broad sailor collar of which was knotted a simple silk scarf, and wearing a soiled blue apron to protect her skirt, Ethel Thayer Bryan, wife of Louis A. Bryan, Gary's wealthiest multimillionaire, yesterday worked to earn her bread in her father's garage. "Quite a bit different from the scene of all of my millionaire husband's residences, isn't it?" she asked, with a smile. "I'd rather wear my fingers to the bone working for my living than be dependent for another minute upon a countless millionaire, who only wanted me for his doll, something that he could dress up to suit his own erratic tastes and show off before his friends."

STATE AUTO INSPECTOR IS IN TOWN

The state automobile license inspector, Patrick Kelley, of Columbus, was in Newark today inspecting conditions here. His duties are to see that owners have licenses, and that dealers and manufacturers have hired chauffeurs, repair men, testers, and mechanics employed in garages and who take cars out on the highway to test provided with licenses. Added by Chief Hindel, he found many violations of the law in Newark. He found that several business men in Newark were selling machines without a dealer's license, in most cases without knowledge of the law. In all cases he explained the law, and if such persons refuse to comply with the law, affidavits will be filed against them. Mr. Kelley is well known in Newark. He served 27 years in the

DIDN'T AID IN HUNT FOR MAN

Witness Said Beattie Took
No Interest in Search
For Suspect

BLOODY CLOTHES SHOWN

Anniversary of Accused Man's
Marriage to Murdered
Woman Caused Him
No Emotion.

Chesterfield Court House, Va., Aug. 24.—On the anniversary of his wedding to Louise W. Owen, Henry Clay Beattie Jr. today began his real battle to save himself from death for her murder. If the grim circumstance caused the accused man the slightest emotion, he did not show it. Fifty-four witnesses were called before Judge Watson in batches of five or six and sworn. They were taken from the court room again. Neither Paul Beattie nor Beulah Binford was present at the trial today.

Thomas Owen, the murdered girl's uncle, was the first witness called. He was led through a recital of the events on the night of the murder. He said that Beattie called at the Owen home for his wife with his auto, and that the two left together. "Did she return?" asked Prosecutor Gregory. "She did," said Owen, "she was dead."

Owen then described Beattie's return to the home with the blood-covered body of his wife in the auto and followed with a ghastly recital of the condition of the murdered woman's body.

He then identified clothes worn by Beattie on the night of the murder and also those worn by the murdered woman. As the gruesome relics were handled by the lawyer and witness, Beattie sat with a glaring eye fixed on Owen. He did not glance at the blood-clotted clothing nor at the gun, which had been introduced as evidence. Owen declared that Beattie did not appear very excited after he returned with the body. He also said that the young husband took no part in the search for the "tall bearded man," who, Beattie said, did the shooting.

Jury Completed.

Made up almost entirely of lean, bronzed-faced farmers, the jury as completed follows the lines indicated by Monday's selections. The 12 men, as they remain after the defense exercised its four peremptory challenges on the panel of 18, are:

- N. W. Farley, quarryman, 37 years old.
- A. L. Wilson, 38
- A. L. Fetteroff, contractor, 34.
- Irving L. Bass Jr., 30.
- V. W. Fuqua, 27.
- W. L. Burgess, 52.
- M. E. Purdie, 27.
- M. C. Robinson, 41.
- Thomas A. Hancock, 37.
- Lewis Robertson, 44.
- W. P. Roberts, 48.
- M. E. Blankenship, assistant superintendent of a silk mill, 38.

All the foregoing are farmers, except the three otherwise specified. Beattie conferred earnestly with his lawyers, and studied intently the faces in the full panel of 16 men before the defense decided on its eliminations. Then after a moment of whispered conversation with H. M. Smith Jr., his chief counsel, the prisoner nodded his head and the clerk announced that the names of the four farmers challenged on Monday were dropped from the list.

The Judge's Charge. In charging the jurors, who will be kept during the trial at an old tavern near the court house, Judge Walter A. Watson simply set forth the law of Virginia as applicable to homicide. As the indictment covers all degrees from the first degree to involuntary manslaughter, he explained.

TWO THOUSAND VOTE TO STRIKE

Memphis, Tenn., Aug. 24.—Two thousand shop employees of the Illinois Central railroad, members of the newly formed "system federation," have voted to strike unless the officers of the company recognize the federation before Monday, Aug. 28. The vote was taken secretly and the result announced at the shops today. Leaders declare that arrangements are complete for a walkout of all trades in the federation.

WICKLAND'S THEFT OF FOUR BASES FEATURED WIN FROM THE STOGIES

Jay Parker Comes Back and Clouts Four Safeties in As Many Trips to Plate—Hale Saves His Own Game By Tight Pitching in Pinches—Sandy Murray Handles Indicator Owing to Absence of Umpire Egan.

The hoodoo is off. Fate was kind to the locals yesterday and nothing happened to mar the game, except the attendance. The game was featured by heavy hitting. Twenty-five times the batters clouted the ball safely. But an army of men died on bases and the Stogies failed to hit much of the ball in the pinches.

With the line-up sadly mixed around, the locals went into the game to win and fought it hard until the ninth, when Wickland speared Knisely's long fly in deep center, which promised to tie the score. Murray umpired the game and showed the fans how it ought to be done. Every one of Sandy's decisions were on the square and he escaped an opportunity for making himself unpopular by sticking so close to the straight and narrow that they are still wondering how he did it.

Wheeling's scoring machine got a late start and Pendry's outfit cut loose with a dash that saved the game by a single count. There was no brilliant work in the fielding and the batting was not sensational. The only slip in the entire exhibition was Parker's error in the ninth. The locals played slightly better ball and won by a slight margin.

To Hale most of the credit is due. In only one inning did the Stogies fail to cop a safe off his delivery, but three times with men on bases, Roy steamed up and made the third out by fanning the batter. In all he struck out nine men. Only one pass was handed out by Hale and that intentionally to Durham, for Knisely was on second and the big Wheeling right fielder has a reputation for heavy hitting in these parts.

As for Beatty, faultless fielding saved his reputation. The locals slammed his offerings for 13 hits, and had it not been for two vent double plays which closed out seasons that promised additional tallies, the smiling twirler might have hit the bench before the affair was concluded. As it was, the smile disappeared in the seventh.

When it comes to proving that dope is poor stuff, look at J. Parker. During the past week Jay has been very unfortunate. He has been swinging like a gate. But in yesterday's game he met the pellet squarely between the eyes every time he swung his willow, getting four hits out of four times up. Wickland was a wonder on the paths he scored two runs and stole four bases. Pendry's timely singles tallied two runners. Knisely hit safely three times and scored twice.

Newark got away with a good lead in the first two innings. In the first, Sager seized Craven's roller for one out. Wickland scorched Beatty's right mit for a single and stole second. Pendry lifted a neat fly in the infield which was just out of every body's reach and Wickland scored. Gray dropped the next one in front of Beatty, who played horse and barely squeezed "Dolly" by rolling it on the ground to the Duke. Kihm skied to the first corner.

In the second, C. Parker missed the first three by a foot. Gilbert started things by going a hot drive along the foul line. Jay Parker scored him with a sizzling double, took third on Hale's single and romped to the tape on Midge's neat sacrifice. Wick hit again and stole another. Pendry was easy money for Jewell.

The visitors started in the fourth. Jewell rolled out to Kihm. Knisely singled to left and went to second while "Dolly" was controlling the Duke's roller. Durham stepped up to the batting station, angered by one strike-out, and Hale showed judgment in walking the big hitter.

Montgomery set an example for his team with a nice cutter in the middle garden and scored Knisely. Then Hale took an extra windup and showed his control by whiffing Sager without losing a piece of the ball.

In the fifth the Smokes added one. Murray singled. Beatty lined a fly into Gilbert's hands, who was jerked off his feet, giving the twirler a double. Lewis hit Parker in the chest, but he recovered in time for the first out. Wheeling's rag-chewing shortstop then breezed and Wickland pulled in Knisely's effort.

Wheeling's last score came in the eighth. Jewell grounded to Craven. Knisely poled a two-sucker against the fence and the Duke got his first hit. Durham singled, scoring Knisely. Here, with one out, Hale threw on the brakes. Montgomery fanned and Sager renegeated the offense. That is the way Hale saved the game.

In the third the locals were robbed of a tally. Gray was first up with a double. Kihm sacrificed him on. Parker walked. Gilbert hit into Beatty's mitts and Gray was caught off third.

The Molders' last tally came in the seventh. Craven struck out. Wickland singled for the third time and stole second for the third time. But that was Gray's getting to be an old thing, and was caught in the second double play when Kihm rolled to Jewell.

In the ninth the visitors all but tied the score. Murray fouled to Pendry. Beatty whiffed. Lewis rolled an easy grounder to Parker, and horrors, Clyde fumbled it five or six times. The Smokes saw a chance. Montgomery sent Welcher in to bat for Jewell and he singled in a vacant snafu in left. Knisely, with three hits already, was bidding strongly for an-

other when Wickland squeezed the ball after a run.

Notes On the Game.

Gilbert was hit on the nose in practice and an old break injured. He got into the game just the same. Manager Montgomery is working in centerfield in place of Warrender who was sold recently.

Gray's hit in the third was so strong that it knocked Montgomery off his feet and he fell against the fence.

The Zanesville Times Recorder hands Hale a nice compliment: "If we were to attempt to name a Christopher Mathewson of the Central League, Roy Hale of Newark would be our selection. Hale seldom allows less than seven or eight hits, but when the opposition fills the bases with runners, Roy isn't to be found. He fanned five men at critical stages in the game with the Smokes yesterday. Hale shows his greatest class against our own Athletics.

Pattison of the Tot's is very consistent in his streak of hard luck. This personage lost a four-hit game to the Vets yesterday, 1 to 0, just because Jack Conpton came back to life and pitched two-hit ball. "Pat" lost his own game by a couple of wild leaves, just as he lost his no-hit game in Grand Rapids a couple of weeks ago. Pattison is invincible when he can control his wildness, but there are a lot of minor league pitchers in the same boat.

Owner Wagner of the Tot's, certainly is anxious to be after a good team for next year. According to reliable reports he has made an offer for the entire Decatur club of the Three-I League. At first Knisely turned the offer down cold, but later developed interest that he might change his mind and Wagner still has hopes that the deal will be consummated.

"Big Jeff" Pfeffer conquered the Benders for the Waynes and made it 13 straight wins for Casey's combination. The sport the Waynes are taking is causing some of the Dayton fans to contract that malady often referred to as "cold feet."

Manager Smith's predictions earlier in the season that his team would beat out Baldy's Athletics may prove to be the right dope, and the Grads are now only 23 points behind Zanesville and coming strong.

The common variety of bee known as the honey bee, is thought by some high authorities to have but its original home among the woods and mountains of Central Europe.

Grand Rapids, 14; Zanesville, 2.
Zanesville, O., Aug. 24.—Grand Rapids smothered the home team with hits and runs yesterday, batting Jones out of the box in two innings and hitting Schultz equally as hard. Score: Zanesville 2 0 0 0 0 0 0 0—2 2
Grand Rapids 14 2 5 0 5 0 2 0—14
Batteries—Schultz and Jones; Meyers and Holmes.

NEWARK MAY LEAD SECOND DIVISION FRI.

Newark now has South Bend tied in club standing and promises to hold the lead in the second division tomorrow. The Benders are up against the Waynes with a record of thirteen straight games. Newark, with Murray out and the team in poor shape, is coming right to the front. This week will give Newark fifth place, without a doubt.

GAME TOMORROW CALLED AT 3:15

A typographical error in yesterday's announcement made the statement read that the game today would be played at 4:15. The game today began at 3:15. Tomorrow's game with Wheeling will begin at the usual time—3:15. Wednesday's game was a close one, with heavy hitting and almost errorless fielding. Due to the fact that announcement was not made until late because of the transferring of the game, there was not a good attendance at the park yesterday afternoon. Wheeling always plays good ball, so fans must go out tomorrow and see the last of the series.

'Lost—One Umpire Answers to the Name of Wish Egan'

It is certainly a frightful business his umpiring ball games, and Egan seems to have succumbed to the blues. Perhaps Egan's self-conceit has not made him impervious to the shafts of sarcasm, as in the case of other officials who appeared on the lot. When Newhouse got behind the bat with a 4th hit on a "coacher" remarked, "When there's no sense, there's no feeling." It was to the cell that the umpire would get hurt. And Newhouse only smiled. When a cop kept the crowd from lynching Cleary recently, he also smiled that superior smile. But Egan looked like a pall-bearer when the boys kidded him, and when he felt the hot remarks that he never wanted to see this town again, and he wouldn't umpire another ball game here—never!

Perhaps Egan isn't so smart at all. Suppose for instance, that when the series was transferred, the sensitive umpire wasn't notified. And there he sits, waiting patiently on the bench at Wheeling for somebody to tell him that it is time to call the game, for an umpire never carries a watch. These are the thoughts which are troubling the ans. Newhouse fights back. Clearmiles, Groeschow came right down and faced the music, but Egan's goat's "rot."

Accused of Stealing.

E. E. Chamberlain, of Clinton Co., boldly accused Bucklen's Africa slave of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from both sprains and injuries of their torso," he says. "As a healing remedy is equal don't exist." Only 25c at P. D. Hall's.

The bee was unknown in North America until the time of the settlement from the Old World.

APPLETON

The Sunday school picnic Saturday was a grand success throughout. The day was an ideal one and there was a large crowd present.

Mr. and Mrs. Will Long of Manson, Iowa, Mr. and Mrs. Albert Mitchell of near Mt. Liberty, visited Mr. and Mrs. Willis Shipley last Friday. They were here to attend the Long reunion which was held at Lyon's Lake one day last week.

Mrs. Delilah Simmons of Columbus, and the Misses Emma and Letta Burkett of Centerville, visited at the P. D. DeCraw home from Wednesday until Friday.

Mr. and Mrs. W. W. Simmons and son, Ralph, of Columbus, visited his mother at the old homestead, Tuesday.

Mrs. C. W. Gurnea and son Willie of Newark are visiting friends here this week.

GOOD BOUT IS SCHEDULED FOR COLUMBUS SEPT. 4

What promises to be one of the best bouts ever pulled off in central Ohio will be the ten round go at the driving park in Columbus on the afternoon of Labor Day.

The principals will be Sammy Trott of Columbus, one of the best lightweights in the country, and Andy Bezonah of Cincinnati. After this bout Trott will go to New Orleans where he has signed up for four fights one of which will be with Young Saylor of Indianapolis, who is to meet "Knockout" Brown of New York shortly. Trott has shown as much improvement as any boxer in the business in the last twelve months. He is an aggressive sort of fellow who is after his opponent every minute he is in the ring.

Bezonah is one of the best known boys in the state. He is a busy grappler and has met practically all the good boys in the country. He holds a decision over Freddy Cole, who has a daw with Al Wolgast. He also had an even bout with "Fighting Dick" Hyland, who held Mat Wells the English champion even a few weeks ago.

The main bout is not the only one which is attracting attention of sport lovers. The semi-windup between George Watson of Columbus and Dutch Shaw, of Nelsonville, promises to be a hummer. Watson made a superb showing against Kid Graves of Milwaukee in Columbus last year and almost all of his bouts have been knockouts. Shaw while not as experienced as his opponent is a rugged boy, and miners from around Nelsonville purpose to back him to the limit.

The fist bout of the afternoon will be between George Raslan of Columbus, and "Kid" Carter of Louisville. Both are aggressive boys and as this is a grudge baffle, some lively milling is expected.

In addition there will be a battle royal between six colored boys which is bound to prove entertaining.

The bout will be staged in front of the huge grandstand at the driving park. It will be an open air attraction the first of its kind ever held in central Ohio and arrangements have been made so that the bout will take place regardless of the weather.

Seats running from 75 cents to \$2.00 are on sale at 108 1-2 South High street, Columbus. Those wishing to make reservation should address J. W. Hart, at that address.

BEATTIE

(Continued from Page 1.)

ed that the defendant might be found guilty accordingly.

"If you find him guilty of murder in the first degree," said the court, "you shall say so, and nothing more, in which event the punishment shall be death, but if you find him guilty of murder in the second degree you shall say so and shall fix his punishment by confinement in the penitentiary at not less than five nor more than eighteen years."

After citing the penalty for lesser degrees of manslaughter, the court concluded with: "If you find the prisoner not guilty of any of the offenses charged, you will say so, and no more."

It was hot almost to suffocation in the little court house yesterday. None of the witnesses was on hand and those who came to see Beulah Blinford, "the girl in the case," were disappointed. She will probably not be called to testify until late in the week.

Thomas Owen, an uncle of Mrs. Beattie, to whose home Henry brought the body with a tale of a bearded highwayman firing into his automobile from the roadway, likely will be the first witness called by the commonwealth.

Prisoner Pale, But Confident.

Beattie was brought from the jail in Richmond in order that he might be present, as the law requires, while the jurors were being chosen. He was the only one of the trio held in connection with the case to be brought here, Beulah Blinford, arrested as a material witness, and Paul Beattie, the defendant's cousin, similarly held, being kept in their cells. The Blinford girl, who declared Tuesday that she hoped never again to see the man who was charged with murdering his wife for her sake, lounged in her cell, while Henry made ready for the trip to Chesterfield.

Shen and Morrow, Paul Beattie stood in the corridor of the jail and watched his cousin depart.

As usual, Henry Beattie spent an unbroken night of sleep and dressed carefully for the trip to Chesterfield. He looked worried and a bit pale, but wore the same air of confidence that impressed spectators when he pleaded not guilty at his arraignment on Monday.

Henry Clay Beattie Sr., father of the prisoner, was again at his son's side during the day's proceedings. Grief-stricken, the father says little but evinces that he will fight hard to save his boy from the electric chair.

A Host of Witnesses.

More than 75 witnesses have been subpoenaed by the prosecution and nearly 30 by the defense. The commonwealth will attempt to show that Beattie, tired of his wife, murdered her in order that he might resume relations with the Blinford girl. The defense will maintain that no on-saw the motor car tragedy; that the prisoner's version of his wife being shot by a bearded highwayman is true, and that Paul Beattie, who says that he purchased for Henry the gun with which Mrs. Beattie was shot is a ne'er-do-well and an unreliable witness.

Henry Beattie absolutely refuse to discuss his case. He poses cheerfully for photographers, but when asked whether he expects acquittal

Wise Men and Women Know

that most of the sicknesses of life come from inactive bowels and from unhealthy condition of the organs of digestion. If your digestive system is not working right, your food does not nourish you—poor blood and weakness follow; if your bowels are inactive—waste matter poisons the whole system and serious sickness is sure to follow. To take promptly

BEECHAM'S PILLS

is to save yourself trouble and expense. Gently, but quick; safe, but thorough, they enable the bowels to carry away waste matter naturally and tone up the whole digestive system. They will not injure the most delicate. They help you to get your bowels and your digestive organs in that condition when they can take good care of themselves and of you. Beecham's Pills

Do Good Naturally

For females, Beecham's Pills are specially suitable. See instructions with each box. Sold Everywhere in boxes, 10c. and 25c.

THE COAST LINE TO MACKINAC

DETROIT CLEVELAND BUFFALO NIAGARA FALLS

TOLEDO PT. HURON GORICH ALPENA ST. IGNACE

THE LUXURY OF A LAKE TRIP

Where will you spend your summer vacation? Why not enjoy the charms of our inland seas, the most pleasant and economical outing in America?

WHERE YOU CAN GO

All the important ports on the Great Lakes are reached regularly by the excellent service of the D. & C. Lake Lines. The ten large steamers of this fleet are of modern steel construction and have all the qualities of speed, safety and comfort.

Daily service between Detroit and Cleveland, Detroit and Buffalo, four trips weekly between Toledo, Detroit, Mackinac Island and way ports; daily service between Toledo, Cleveland and Put-in-Bay.

At Cleveland and Mackinac special steamer will be operated two trips weekly from June 15th to September 10th, stopping only at Detroit every trip and Goderich, Ont. every other trip.

Special Day Trips between Detroit and Cleveland, During July and August

NANCY HOYER.

Special attention is called to the engagement of Nancy Hoyer at the Auditorium theatre all next week. This is her star playing all the larger cities throughout the middle West, is unquestionably the best popular priced attraction now before the public. With a scenic representation surpassing that of any traveling stock organization and the latest ideas of American stage craft represented in the paraphernalia and electrical effects created by the company, enables Miss Hoyer to recapture the details of each play precisely as marked in the original metropolitan production. Lovers of high grade theatricals should consider themselves particularly fortunate and should avail seeing Miss Hoyer and her clever company.

The newest thought in the design of houses provides for the elimination of the coal bin from the cellar.

Shake Into Your Shoes

Allen's Foot-Powder, the antiseptic powder. It relieves painful, smarting, tender, nervous feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Powder makes tight or loose shoes feel easy. It is a certain cure for sweating, callous, swollen, tired, aching feet. Always use it to break in new shoes. Try it today. Sold everywhere, 25 cents. Don't take any substitutes. For FREE trial package, address Allen S. Olmsted, Le Roy, N. Y.

The wedding of Miss Bessie Bodie to Mr. Ralph McLain, which was solemnized on August 1st was just made known today. They were married by the Rev. Ward and were unattended. The bride is the daughter of Mr. and Mrs. L. W. Bodie of West Locust street and for the past six years has been one of the efficient long distance operators of the Bell Telephone company.

Mr. McLain, whose home is in this city, but who has recently been employed in Columbus, has accepted a position with the Wells, Fargo Express company of St. Louis. He and his bride left for that city the next day after their marriage.

Miss Martha Sachs entertained Tuesday a few friends in honor of her guest Miss Ira Stinger of Chicago Junction. The day was spent in various amusements, all having a delightful time.

The guests present beside the guest of honor were Misses Louise Smith, Mary Carl and Katherine Smith.

On Wednesday Miss Martha entertained the same guests at dinner at Mrs. Dowden's cottage at Buckeye Lake.

Women who are polite in practically all other places sometimes are positively rude at card tables. It would perhaps help them to be self-controlled and civil when the game is going against them to remember that, after all, it is only a game, and though they lose their defeat is only temporary.

However indifferent one may be in fact when one is losing, and few persons are as interested when the cards are against them, it is a matter of good breeding to pretend as much enjoyment as when success is on her side. It is not polite to be snappy

Heart and Home Talks

by Barbara Boyd

Gives Some Reasons for the Increasing Number Of Old Maids.

“BEING that I am an old maid,” said the Candid Girl, “and that I know pretty well the old maid’s viewpoint, it makes me feel quite fatigued sometimes to hear the things that are said about old maids.”

“Though they do not like to say it openly, because they do not believe in hurting people’s feelings, the clan of old maids have a private opinion, not at all flattering to men, as to the size of their vanity in thinking all women want to marry them. It is impossible to dislodge from some men’s heads the idea that there is a woman in the world who doesn’t want to get married.”

“Do you really think there is any?” asked The Man.

“Yes, you are one of them,” nodded the Candid Girl. Then she smiled into his eyes as she said, “There are plenty, Mr. Concoit.”

“Some women know they are not cut out for the domestic life, and they have sense enough and strength enough to stand by their convictions.”

“Others,” she went on, “are clear-eyed. They look about them to see what marriage has brought other women, and what they see isn’t to their liking. They do not care for the brand of married life that, as a usual thing, is handed over the counter, and so they can’t be cajoled or flattered into stepping up and getting a package. I know they are terribly unromantic and unsentimental and all that, but they would rather take their dose of realism before than after. Their discovery that they don’t like it does no damage then.”

“Then, there are others who say deliberately to themselves that they know they don’t like bad temper, or intoxication, or smoking, or laziness, or certain other habits to which men are addicted, and what is the use of putting themselves into a position where they will have to endure these things. And so they decide upon single blessedness for them.”

“Then there are others who are pure bohemians at heart, who like the open road and the camp-fire and the far country, and everything inimical to the respectable hearth of a staid married couple; and these say to themselves, ‘Go to, thou wouldst be a fool to marry,’ and they sidestep the proposition.”

“I am something of a bohemian, too,” said The Man.

But the Candid Girl ignored his remark.

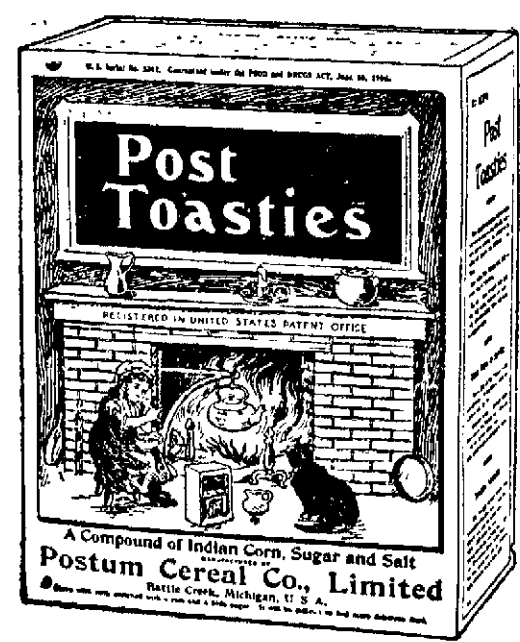

“So you see why it is that the latter-day clan of old maids get slightly weary when people pity them, and think how lonely they are, and how one-sided their life is, and intimate they are only waiting for a chance. Instead of being green with envy of her married sisters, as her married sisters complacently think, the twentieth century old maid is inwardly chuckling over her freedom, her independence, her own pocket money and her latch key.”

The Man pulled his mustache and looked grumpy.

“You could have all those,” he said.

But the Candid Girl was already deep in the latest book on suffrage by Mrs. Pankhurst.

UNCUT VELVETS ARE TO BE FASHIONABLE, SAYS PARIS.

Both the hat and the tailored coat pictured are trimmed with uncut velvet, showing a mixed black and white effect. On the hat the velvet has a striped surface, on the coat it is in fine black and white checks, the fancy velvet forming a sailor collar, with bands of plain black velvet at the edge. The high-crowned hat has a bunch of black and white maribout feathers sprouting from the top of the crown and tumbling over the sides of the hat—a new and very modish Paris notion

and dull just because one is losing. Such conduct makes the winning couple extremely uncomfortable. Courtesy, at all times desirable, at cards should be regarded as imperative. To comment unfavorably upon the playing of a hand is the height of ill manners, and need not be excused on the ground of instructing the ignorant. A woman who might sincerely wish to play a better game does not care to be criticized and drilled in public, and the one giving information is a self-appointed teacher who is not desired.

At a bridge luncheon recently the players at one table were amused to hear, at the completion of every hand, a lecture by one of the guests. The woman who talked played well; all admitted that, but the afternoon was not a class in card playing. It was a social meeting where each woman was supposed to stand upon the merits of her game. The woman who did the talking was not disagreeable, nor did she select one person for her victim. Impartially she instructed the whole table, with the result that when she had gone at the end of the afternoon those remaining later declared that she had almost spoiled their game.

Mrs. George E. Graesser informally entertained three tables of bridge Wednesday at her home in East Church street. Miss Jessie Robbins received the trophy. A dainty repast was served the guests: Mesdames Fred Black, Frank Bartholomew, A. H. Pierson, John Carroll, Daniel Aitshool, Ned Wright, Charles Rankin, W. C. Miller, Fitzgibbon, Hollway, Miss Jessie Robbins, Miss Mary Robbins, Miss Emma Spencer, Miss Cornelia Webb.

Miss Helen Schaller gave a six o'clock dinner and a slumber party Tuesday evening at her home in Elmwood avenue, in honor of her house guest Miss Gertrude Smith, of Columbus. The color scheme of white and yellow was prettily carried out. The guests were: Miss Smith, Misses Helen Bader, Mary Kureth and Justine Kureth.

A jolly crowd enjoyed a watermelon feast Wednesday evening, given by Miss Nan Dwyer at her home in North Fourth street. They were Misses Helen Bader, Helen Schaller, Mary Stare, Justine Kureth, Marguerite Kureth, Lucile Conlon, Marie Gilbert, Margaret Dwyer and Mary Balzer.

Mrs. Dennis McNair was the honor guest Wednesday afternoon when her sister, Mrs. J. Howard Jones, entertained with four tables of bridge, at her home in South First street. Mrs. Frank Webb was awarded the souvenir. At the close of the game a delicious luncheon was served at the small tables.

Members of the Country Club will be served with dinner at noon Sunday by sending notice to the Club House before Saturday morning. 4-2

Members of the country club will play bridge Friday evening Aug. 25, and Saturday afternoon, the 26th. Miss Lula Woolees entertained 18 friends Tuesday evening with a box supper, at her home in Summit street. Dancing and music were the chief diversions. At ten o'clock the drawing of the boxes by the boys furnished much amusement. Those present were Misses Minnie Staugh, Elizabeth Staugh, Mildred Irwin, Helma Kerr, Mary Bush, Ruth Daley, Ella Seigel, Lula Woolees, Messrs. Chas. Williams, Woods, Stanley George, Carl Wolverton, Ed Barber, Ronald Woolees and Arthur Hagg.

NEWARK MEMBERS OF ALPHA PI FRAT GO TO COSHOCTON

The annual convention of the Ohio Province of the Alpha Pi fraternity opened this morning at 11:00 o'clock at Coshocton with a business session at the Central Trades Council hall.

The largest crowd will probably attend the annual reception and dance, which will be held in Forbes' hall on Friday evening, about 100 guests being expected.

The convention committee of Gamma, the Coshocton chapter, has gone to great expense to make this affair overshadow anything of its nature ever given in Coshocton. Luncheon will be served during the evening by E. E. Standen of the Standen hotel.

The annual banquet and smoker will be held this evening at the Standen hotel. Among the Newark boys who will attend are: Trevor Davies, George Beckman, Walter Tyler, Carl Bruman, Bernard Kates and Hollie Botts.

Recipes for Aug. 25, 1921.

Sweet Omelet. Break four eggs in a bowl, add two tablespoons of powdered sugar and a tiny pinch of salt and beat just enough to mix well together. Into a very hot frying pan drop one teaspoonful of butter, shake until it is evenly distributed over the bottom of the pan and pour in the eggs. Shake and stir with a flexible knife until the mixture begins to set, then loosen the edges and shake so that it will not stick to the pan. While still soft in the center spread quickly over it one spoonful of jelly, jam, crushed and sweetened fruit of any filling you wish, roll it over and turn out on a hot platter. Dust with a little powdered sugar and score with a hot poker. Put the remainder of the filling round the omelet and send at once to the table.

Salmon Salad. Open the can of salmon several hours before it is to be used, turn out the fish, free it from skin and bone, drain off all the liquor and break the fish into large flakes. Marinate with a dressing and set aside in a cool place. Have ready a well chilled soup plate. Drop into it the yolk of an egg carefully freed from the white, add a pinch of salt and a dash of cayenne and stir with a silver fork until well mixed. Add olive oil drop by drop, being careful to stir in the same direction, until the mixture is very thick. Add a few drops of vinegar or lemon juice, then more oil and continue adding oil and acid until a cupful of oil has been used. Both lemons and vinegar vary so in strength that no precise quantity can be given although this amount of oil will usually require one tablespoonful of vinegar or two of lemon juice. When the dressing is smooth and all the oil has been incorporated, set away at once in a cold place. Just before serving arrange on a platter a bed of washed and drained lettuce. On it place the prepared fish, garnish with a part of the dressing and serve the remainder with the salad.

BUTTER KRUST

It's made with milk. Always fresh and good. Ask your grocer for it.

Jenkins Jones and wife have gone to Maringo, Morrow county, where they will spend a few days with relatives and where they will also attend the fiftieth reunion of the George family, which is to be held at the old Chester church on Wednesday, August 23. This is also the one hundredth anniversary of the old Chester church.

PREFERABLE.

Agent: Don't you want to own a home of your own?

Knicker: No, I'd rather own the home of somebody else. — Harper's Bazar.

PERSONALS

Col. M. M. Gillett left Thursday for Buffalo.

J. W. Davis and wife of Chicago are in the city.

Mrs. Charles Sowersby left Thursday morning for Chicago.

Mary Scanlon of Cambridge is visiting at the Franklin Hotel.

W. H. Disher of Indianapolis, is transacting business in the city.

Z. H. Hoskinson of Hebron, left Thursday morning for Bosley, Wyo.

Mrs. Augusta Chambers has returned to Granville from Chautauqua, N. Y.

Miss Ruth Agnew has returned from a visit with her brother, Fred, of Cleveland.

Miss Anna Dase and niece Catheryn Schoeller are spending a few days in Columbus.

Rev. Gerard Bridge of Beatty, Pa., came in last night and registered at the Seller.

H. W. Schlichton of Philadelphia is in the city on business and is registered at the Seller.

Walter Kiney, Charles McGough and William Gallagher left for Toledo on their motor cycles.

Miss Essie Hand of Newark is spending a few days with her aunt, Mrs. James Black at Hebron, O.

Paul E. Spurgeon of Morgantown, W. Va., is the guest of his cousin, Wayne Brown of Columbia street.

Mrs. Will Floyd and daughter Anna, and grandson Charles Grimm and Zaury Floyd are visiting in Shawnee.

Miss Fannie Harris of Sadusky is visiting Miss Harriet Thomas at her home in the North End for a few days.

Mr. and Mrs. Stacey Conrad, who have been in Cleveland and Niagara Falls the past week, have returned home.

Miss Florence Hart, who has been the guest of Mrs. Charles Craig in Mansfield for some days, has returned home.

Mrs. Emma Kelly of West Church street and daughter Catheryn and Florence, are visiting in Canton and Cleveland.

Mrs. John Ford, Mrs. Harvey Tedrick and Mrs. Corwin Bucey of Cambridge, made a short visit with relatives and friends here.

Mr. C. M. Brown, B. and O. tie inspector, has returned to his work at Huntington, W. Va., after a pleasant vacation spent in the east.

Misses Minnie and Marie Siskey of Ellyria, O., are the house guests of their cousins, Misses Augusta and Catheryn Gruber of Boylston street.

Miss Mary Hentze of Newark, who has been a guest at the home of Mr. and Mrs. Joseph Warner, West North street, for several weeks, has returned home.—Lima Daily News.

Miss Carrie Dolman of Mansfield, O., who has been here for some days enjoying a visit with her friend, Miss Mary Hallisey, at her home in the East End, returned home Wednesday.

Mrs. J. M. Maynone of Coshocton and daughter Mrs. Ellsworth Moore of Philadelphia, were the guests Thursday of Mrs. Abram Miller. Mrs. Moore was formerly Miss Emma Maynone of this city.

Mrs. Joseph H. Brown of McMechen, W. Va., and little niece, Cecil Clarke of Crafton, Pa., who have been guests at the Brown home in Columbia street, have gone to their respective homes after a pleasant visit.

Mr. H. C. Cochran of the American-Tribune left Thursday morning for his annual vacation, going to Toledo and St. Ignace, Mich. He will spend several weeks in the forests of northern Michigan and Canada.

Mr. and Mrs. James Welkin and children, Ruth and Harkness of Baltimore, Md., who have been here for some days visiting relatives and friends, left for Sullivan, Ind., where they will visit relatives for a short time before returning home.

Miss Joanna and Wayne Brown have returned to their home in Columbia street after an extended trip in the east, visiting Washington, D. C., Baltimore, Philadelphia, Atlantic City and other places of interest. On their return journey they visited relatives at Pittsburg, Morgantown, W. Va., and Wheeling. Their father, Mr. C. M. Brown, who accompanied them, returned home a week ago.

Mr. and Mrs. F. H. Ballou and daughters Nellie and Ava of East Newark, have returned home from a two weeks visit at Marietta, Bellaire and other points in southeastern Ohio, where Mr. Ballou has charge of extensive orchard experiments for the Ohio Agricultural Experiment Station of Wooster. The trip was made, as was a similar journey last year, by automobile, the distance of 125 miles either way being covered in one day.

Jerry Baker, who returned Saturday night from Mt. Clemens, Mich., with his friend, Robert Follard, was the recipient Wednesday of as fine a basket of fruit and vegetables as was ever seen in Newark. It was sent him by his friend, Frank H. Robinson of Mt. Clemens. The basket contained cabbage, heads, lemons, oranges, carrots and a native vegetable known as the “H. S.” potato, which has seldom been

HEALTH AND BEAUTY QUERIES

BY MRS. MAE MARTIN.

J. W.: Because of a lack of proper nourishment your hair is dull, brittle and splits at ends. The only way in which to overcome this is to massage the scalp vigorously two or three times each week for a while using a quinine tonic. This arouses the sluggish circulation and so energizes the scalp tissues and hair sacs that healthy activity follows. The result is disappearance of excess oiliness, disappearance of the scalp grows soft and pliant and the hair becomes brilliant and fluffy and grows in abundantly. To make the tonic, mix a half-pint alcohol with a half-pint water and into this pour an ounce quinine and your tonic is ready.

R. S.: Impoverished blood causes the tired, worn feeling and that listless complexion. What you need is a tonic and energizer to cleanse the blood and tone the system. Get an ounce of kurdene at the drug store and dissolve it in a half-pint alcohol and add one half cupful sugar and hot water to make a full quart. Take a tablespoonful before meals and you will soon notice a return of health and energy.

Mrs. Ben.: You can rid the skin of tan and freckles and banish those fine lines by using a greaseless cream-jelly made as follows. To a half-pint cold water add two teaspoonfuls glycerine and an ounce of almozoin. Let stand several hours before using. Apply this cream-jelly after washing and drying the skin massaging gently. It will find the skin is soon freed of blackheads, pimples and other impurities and grows soft and satiny and takes on a dainty tint of genuine health.

Mrs. B. U.: No doubt the greasy creams induced the fuzz to grow thicker on your cheeks. You can easily get rid of the growth if you get an ounce of kurdene from the drug store and mix a little with water to form a thick paste. Spread on hairy surface and after two or three minutes rub off and wash, and the hairs are gone. Kurdene costs a dollar an ounce, but it works quickly and well.

Mrs. B. D.: Long walks are extremely fatiguing and dieting is torturous. You can reduce your weight by a much more simple method and at the same time avoid any danger of overtaxation to the vital organs. If you get four ounces par-nots and dissolve in a pint and a half hot water. When cool, take a tablespoonful before meals. This, you will find is a pleasant and sure way to dissolve the fatty tissue without leaving the skin flabby.

Miss X.: Your objection to a wet shampoo because of the work entailed will be overcome if you get a package of canthox and dissolve a teaspoonful in a cup of hot water, then pour a little at a time on the scalp and massage briskly. This makes a pleasing and wonderfully cleansing lotion. When the scalp and hair are rinsed you will find both immaculately clean, and the hair will dry quickly and evenly and have a rich gloss and softness.

Grace: So long as you use powder you will have an oily skin and other complexion troubles, because the minute particles clog the pores and hinder the work of nature. This simple lotion is superior to powder, and acts as a cleansing agent to the skin. Dissolve four ounces spumax in one-half pint hot water, add two teaspoonfuls glycerine and when cool apply, rubbing gently until dry. The use of this lotion clears the skin of pimples, blackheads, freckles and tan, and makes it soft, smooth and velvety. The continued use of this spumax lotion overcomes that oily, shiny condition, is invisible when on and does not rub off or spot in hot weather.

M. A.: Nature must be assisted if you would have brilliant, magnetic eyes. Even though your eyes are dull, they will grow strong and have the sparkle and lustre of youth if you make up and use this eye tonic. Into one pint cold water, dissolve an ounce of crystals. Putting two or three drops in each eye twice daily relieves the smart and aches, strengthens weak eyes, and in many instances does away with glasses.

HEALTH HINT FOR TODAY.

Remedies For Nose Bleeding.

Application of cold to the forehead, over the nose and at the back of the neck, either in an ice bag or cloths wrung out in ice water, should be made, or a piece of ice may be wrapped in the handkerchief and held directly over the bridge of the nose. Compression of the nose between the fingers and maintained for a time often proves successful. When bleeding continues a solution of powdered alum in water or one of diluted vinegar or even lemon juice and water has been recommended to be injected or snuffed into the nostrils. The dry powdered alum mixed with starch, half and half, has been prescribed as a snuff with good result. A small piece of cotton soaked in a solution of vinegar may be placed within the fore part of the bleeding orifice and left there only until the hemorrhage stops. Elevating of both arms high above the head often terminates the flow, because it is easier for the blood to pass through the straight upward course.

Taft's Nomination Will Prove Fatal

President Taft has unquestionably secured a renomination by his tariff vetoes, even if the power and patronage of the administration were not sufficient for the purpose. For the sake of these vetoes the reactionary enemies of reciprocity are ready to forgive him. They could not find so available a candidate as the President, who after a brief excursion has returned to their camp. But what makes his nomination secure must prove fatal to his prospect of re-election in the mighty tariff evolution which he has deserted.

Mr. Roosevelt alleges that he does not want to run for the Presidency again, and a Pittsburg paper accepts his letter as a final declination in advance. And yet it will be noticed that Mr. Roosevelt only says that he should regard his nomination next year as a calamity. He does not say he would decline a nomination if it came to him.

Philadelphia Record: The exercise of the veto power is often costly to those who wield it. It cost one King of England his head and another his crown. Louis XVI of France, who was nicknamed "King Veto," was led by it straight to the guillotine. Its latest exercise in obedience to the Bourbon element of the Republican party threatens our good-natured

PRIMARY ELECTIONS ON SEPTEMBER 5TH ONLY 10 DAYS AWAY

Direct primary elections as they are now regulated by law in Ohio are designed to give the people larger and more complete opportunity to control the election of public officers.

It is the most practical and far reaching method ever provided by law giving the people absolute power to control party nominations for every position of trust.

If the people exercise that right to the fullest extent, that is by turning out in full force and voting for their preferences at the primaries, nominations of party candidates will be made of clean men who will command the united respect and support of the party's voters at the general election.

In our own city under present conditions, as has been shown on numerous occasions, there are special reasons for a full turn out of Democrats at the primaries on Tuesday, September 5. A full vote means the nomination of men who will command the support of the entire party, and this also means the election of men to fill the offices who will give the people an administration that will reflect credit upon themselves, their party and their city.

Remember Tuesday, September 5, which is only ten days from today.

President with the certain loss of his office.

"SCIENTIFIC" PLUNDER OF CONSUMERS

There can be no question as to the "scientific" methods by which the Payne-Aldrich tariff has been constructed. All the predatory Trusts nursed by the Tariff give evidence of the scientific skill by which the consumers of the country are plundered. Hence all who propose to interfere with this scientific work are treated as mere bunglers, and are met with scientific vetoes.

MONETARY COMMISSION FIASCO

The Aldrich Monetary Commission, after the waste of many thousands of dollars, will be dissolved in its own ashes in March next. What will remain are many dropsical volumes of essays on the banking and financial systems, of all nations written by everybody and read by nobody. In the accumulation of useless reports at a great public expense is one of the worst features of these commissions, which are an outgrowth of bureaucratic government.

SUSPEND OPERATIONS OWING TO DROUGHT

A trip over the central west fields, Illinois, Indiana, Kentucky and northwestern Ohio shows that the long drawn-out drought still remains, which has been a hammer on development work in all the fields. There are light rains now and then, but not enough water has fallen to make any impression on the ground. The Illinois field has suffered the most from the scarcity of water. The highways are dry and there seems to be no relief in sight. Operators and drilling too expensive where water for that purpose must be hauled for miles, and have let up development work until the supply comes. There is also a scarcity of drillable territory in all the fields, even the newer fields of Illinois lack the acreage for anything like activity. Car-

yle is not developing as was expected, the pool has been practically defined, and operations will be confined to the defined limits.

TO MAKE

Home owners and thrifty citizens is the aim of The Buckeye State Building and Loan Company, Rankin Building, 22 West Gay street, Columbus, Ohio. It urges people to be economical and to save their money. It is safe and pays depositors five per cent for their money and loans it to borrowers at six. It serves the people. Assets \$4,800,000, all secured by first mortgages on homes, the safest of all mortgage loans.

ATTENTION FARMERS. We have AGRICULTURAL LINE. The great clover and alfalfa grower. The P. SMITH SONS LUMBER CO. 18-6t

REGISTRATION DAYS

Two registration days will occur before the primaries—Wednesday, August 30, and Friday, September 1. All new voters and those having changed residences since last voting will be required to register or get a transfer.

SALVATION ARMY GIVES OUTING TO 140 CHILDREN

The outing for poor children of Newark at Moundbuilders Park Wednesday, under the auspices of the local corps of the Salvation Army, was a big success.

More than 140 of the happy urchins enjoyed the hospitality of Capt. V. P. Martin, who was assisted by ten automobile owners of the city.

About 10 o'clock the youngsters, girls and boys, gathered on the public square and soon scrambled into the ten automobiles. They were whirled away for a real "joy ride" to Moundbuilders Park.

A pleasant two hours was spent in sports and games, of various kinds, and then the big feature—the picnic dinner—was announced. The 140 "kids" did ample justice to the excellent bill of fare, which was topped off with two yes, really—two dishes of ice cream. Lemonade, the good kind, not adulterated or colored, was served in copious quantities.

Brigadier Miss C. J. Albaugh,

THE WISE INVESTOR.

I often buy gold bricks my mull; in fact, I'm always sending kale to fakers here and fakers there, and rainbow dealers everywhere. I've blown myself for bogus ore, and orange groves on Greenland's shore, and meerschaum mines and moonshine plants, ginseng and rubber elephants. The fakers get no in their snafus, and sell me wind and Bolivian hares. But when my fellow townsmen talk, and ask me to invest in stock to help some local enterprise, I'm conservative and wise. "Nay, nay," I cry, "your boosting schemes are merely wild and woolly dreams. I cannot spend my hard earned dough to help to make this village grow. Your schemes would yield but six per cent, which fills my soul with discontent. I want to see my wealth increase hand over hand, and never cease, so I'll buy ice in Hudson's Bay, and mine a million miles away, and wireless cable and pickled snakes and gravel pits and other fakes." I think my view is safe and sane, yet people say I give them pain, and now and then a vagrant egg breaks on my bosom or my leg, and now and then a long dead cat comes up and sits me on the hat.

Back Mason

general secretary of the Ohio, Kentucky and Southern Province; Maj. Clara Van der Schouw, matron of the Cleveland Rescue Home, and Staff Captain Miss Blackburn, in charge of the employment bureau at Cleveland, attended the outing. These three officers of the Army were enjoying a rest at Buckeye Lake. They made pictures of the picnic and these will be published in the War Cry.

21 YEAR OLD BOY CHARGED WITH 3 MURDERS

Evansville, Ind., Aug. 24. — With their heads split open with an ax and their bodies nearly consumed by flames, firemen found the bodies of Samuel Lee, his wife and 16-year-old son when they responded to an alarm at the Lee home in Boonesville, near here, today.

A few hours later William Lee, 21, son of Samuel Lee, was arrested and charged with the murder of his parents and brother.

Young Lee declared that he was awakened by the smell of smoke this morning and rushing into the room occupied by his parents, found them bed on fire. He endeavored to smother the flame, but failing, he turned in the alarm, he said.

The story is not believed by the police, as it was discovered that in addition to the burning of Mr. and Mrs. Lee, the young boy had been shot.

They declare robbery was the motive for the crime, as the parents recently acquired a sum of money through the sale of property.

PORTUGUESE MONARCHISTS PLOT FOR KING

London, Aug. 24.—Portuguese monarchist refugees are continuing their plotting in London for King Manuel's restoration to the throne. Just how deeply the ex-king himself is concerned in the conspiracies is uncertain, but there is no doubt that he is at least kept informed of what is going on. The Marquis de Soveral who was a Portuguese minister in London up to the time of Manuel's deposition, is probably the real life of the conspiracies, in which several English men and women of very high birth and considerable wealth are also said to be interested.

It is an open secret that the English government is seriously annoyed by the refugees' activity and has been several times on the point of intimating to the foreign plotters that unless they let Portuguese politics alone, the government would prefer a termination of their residence on British soil. The situation is, however, somewhat embarrassing. Manuel himself being a very close friend of the English royal family, and the Marquis of Soveral, as one of the late King Edward's closest personal cronies, a man whom it is more than unpleasant to offend.

The plotters in England are in close touch with those in Spain, along the Portuguese frontier; and it is understood that the plan is for an invasion of northern Portugal at the psychological moment, with Manuel at the invaders' head.

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there is no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it for forty years. It is the most infallible throat and lung medicine on earth. Unequalled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50c, \$1. Trial bottle free. Guaranteed by P. D. Hall.

SIAM BUYS TYPEWRITER

Washington, Aug. 24.—Vice Consul General Hansen, at Bangkok, Siam, reports to the state department that a large number of typewriting machines are sold every year in Siam, and those made in America appear to be the most popular. Some of these machines are fitted with Siamese type, but many of the natives retain the English characters, however, and it is thought that the introduction of this type will have a great deal to do with the final abolition of the ancient Siamese characters and the use of the standard keyboard.

So far the sale of only two American machines have been pushed in Siam. These sell in Bangkok at \$30 to \$50 each, or \$120 to \$167 each. A widely advertised English machine brings only 175 to 260 cents — \$65 to \$95, but it has been found to be of inferior workmanship to the American brands.

If Your Head Aches You should Take the Sure Remedy Hicks' CAPUDINE

Capudine is liquid—easy and pleasant to take—acts immediately. 10c, 25c and 50c at drug stores.

ATWOOD MAY ATTEND CANTON AVIATION MEET

Widespread interest is being manifested in the forthcoming international aviation meet to be held in the city of Canton under the auspices of the Aero Club of Ohio. This will be the third international meeting of birdmen in the United States. The preceding two events of this character were in Chicago and Boston. The officials of the Aero Club selected Canton for the meeting principally on account of the international fame of that city as a balloon center. A group of outside men interested in aeronautics has guaranteed the expense incident to the enterprise in the event the income falls short. Approximately \$50,000 will be expended in prizes alone. Railway officials throughout the state have promised their active co-operation and will run special excursion trains from every corner of the country. Among the famous birdmen that have already signified their intention of participating are Lincoln Beachey, the hero of Niagara Falls and winner of the New York-Philadelphia race; Harry Atwood, king of the cross country flyers; Earl L. Ovington, driver of Berliot monoplane; Thomas Hopwith, "the famous English aviator, who races in a Howard-Wright biplane. An unusual feature will be the probable appearance of Harriet Quimby and Matilda Moisant. This will probably be the first appearance of these air women in a competitive meet. Both are regular pilots and each drives a monoplane.

In addition to the appearance of the great aeroplane stars, there will be liberal prizes offered for amateurs with every type and description of machine. It is the purpose and desire of the Aero Club of Ohio that there may be a thorough exposition of the development of aerial craft. The program of events will include daily duration, speed contests for monoplanes, speed contests for biplanes, altitude flying, passenger carrying biplanes, quick climbing, passenger carrying monoplanes, bomb carrying contests, weight carrying contests, quick starting contests, alighting contests and many other aeronautic events.

The dirigible balloon and the gas bag will be a part of the program. The aviation field in Canton contains forty (40) acres and there will be a seating capacity for 35,000 people daily.

PLUCKY ESCORT SAVES HONOR OF BELLEVILLE GIRL

MT. VERNON MAN ATTACKED COUPLE, BUT CLEVER CHOICE HIM TO DEATH.

Assailant Was Said To Be Ex-Reformatory Inmate—Clever Deserves Carnegie Medal.

Mansfield, Aug. 24.—A young man, partly identified as Charles Woolford of Mt. Vernon, an ex-inmate of the Ohio reformatory, lies in Reelman's morgue here as the result of an attempted hold-up and assault upon a young couple who were spending the evening in Lake Park last night.

Walter Clever, a young florist residing near Belleville, and Miss Florence Shafer of Belleville, who were in Mansfield to attend the Richland county teachers' institute, went to Lake Park last evening and found a quiet spot in an arboreal seat where they could spoon without fear of interruption.

They were engaged in conversation and did not notice the approach of another man, who suddenly confronted them with a revolver, ordered them to throw up their hands and do as he commanded them. He marched the couple across the park boundary and across the railroad tracks to a secluded field, where he attempted to attack Miss Shafer.

While the man was attempting the assault Clever caught him off his guard and picking up a heavy clod of earth struck him on the head with such force that it knocked him down. He then leaped upon him and secured the revolver. There was a short battle, in which Clever succeeded in getting his hands around the robber's throat and throttled him.

Clever's cries for help brought Park Policeman Cole and other persons from Casino Park to the scene. An effort was made to revive the hold-up man, but he was dead when the officers reached him. There were no papers of any kind upon his person, only the revolver, watch and a pocket flashlight.

Clever went to police headquarters and gave himself up after he learned the man was dead, but not held. Miss Shafer is none the worse for her experience, as the man failed to accomplish his purpose.

Later the dead man was practically identified as Charles Woolford of Mt. Vernon, who had previously served in the Ohio reformatory.

To The Women

Some women are just a trifle timid about going to a bank to transact business. And why? Simply because they are not familiar with the rules of banking. This shouldn't be so, and, indeed, this isn't so with those who come to this bank, for we aim to make every transaction so clear and so plain, that dealing with a bank soon becomes to them an easy habit.

We appreciate the patronage of women. Their business with us is already large and steadily increasing. If you are not now a patron, then please consider this invitation to become one.

Does Your Back Ache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay. Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

We ask all such women to read the following letter for proof that Mrs. Pinkham's medicine cures backache caused by woman's diseases.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness on each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and an enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and ironing, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. Ollie Woodall, Morton's Gap, Kentucky.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you that it *has* done, not what we *think* it will do. We are stating facts, not guesses.

We challenge the world to name another remedy for woman's ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

ALEXANDRIA.

Mrs. Elizabeth Rugg of Newark visited over Sunday with friends near town.

Mrs. Sarah Winters, Misses Ethel Wood, Helen Hughes of Newark, and Mrs. William Banton of Clay Lick, are being entertained at the home of F. M. Jones and family this week.

Mrs. Nelson McClain of Croton visited from Saturday until Tuesday with Mr. and Mrs. J. G. Jones.

Mr. and Mrs. Obed Jewell of Columbus were guests of relatives in town this week.

Forty-five tickets were sold from Alexandria to Cedar Point last Tuesday.

Dan Carlock is under the doctor's care since last Friday, threatened with a run of fever.

Several teachers from this township are attending the teachers' institute in Newark this week.

Mrs. Wilma Harlick of Wellington and daughter Mary are visiting the former's brother, A. W. Pitts, and family.

Mrs. Anna Overly of Columbus is visiting at the home of Mrs. L. A. Barnes.

Messrs. Maurice Price of Chicago and Russell and Robert Price of El Paso, Texas, spent last Saturday night at the home of Foster Jones.

Mrs. Joseph Beaver and daughter of Columbus visited relatives near town several days last week.

Levis Graves and son, J. T. Graves, and daughters Misses Helen and Celina of Monticello, Ind., who have been spending a week at the home of S. A.

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information. BRADFIELD REGULATOR CO., Atlanta, Ga.

teenth as much as the new engine, which has six driving wheels 50 inches in diameter. The driving wheels of the old engine are only 54 inches in diameter. With this new locomotive, the Pennsylvania expects to handle its through passenger trains most satisfactorily to the public and more economically to itself.

Many Immigrants.

An increase in the immigrant travel is being noticed on the Erie. For the past several weeks, there has been very little of this traffic. It is expected now that it will resume its former proportions with the fall season.

Taking Vacation.

Leroy Schwartz, the oldest baggage master in the B. & O. S. W. service, is taking a vacation, and is spending the time visiting with relatives in Mt. Vernon, Danville, Brinkhaven and Wooster. Mr. Schwartz has been in active service more than 17 years, and is one of the best known men with the company in Ohio.—Columbus Dispatch.

OBITUARY

MRS. WM. VOGELMEIER, wife of Mrs. Elizabeth Vogelmeier, 83 South Fourth street, on Wednesday evening, after an illness extending over a year with a complication of troubles.

Mrs. Vogelmeier's maiden name was Elizabeth Miller, and she was a daughter of Frank Miller, a prominent resident of Springfield, O. After marrying Mr. Vogelmeier she came to Newark, where she soon made hosts of friends by her lovely disposition, who, when they came to know her, esteemed her in the highest degree for the many beautiful traits of character that she possessed. She was a good Christian woman, kind and charitable, a loving wife and a fond parent. She was a faithful and consistent member of the German Lutheran church. She is survived by her bereaved husband, one son, Harry, and one daughter, Clara, both of whom live at home. She also leaves her father, Frank Miller of Springfield, and two brothers, Frank Miller of this city and Christ Miller of Springfield.

The funeral services will be held Friday afternoon at 2 o'clock at the Vogelmeier home, the services being conducted by the Rev. Mr. Saffron. Interment in Cedar Hill cemetery.

TEMPERANCE PICNIC HELD AT PARK TODAY

Crowds Not As Large as Expected—Ball Game, Races and Family Reunions Help Swell Crowd at the Park.

The widely advertised temperance picnic took place at Moundbuilders park today, the attendance being almost entirely from Newark and the adjacent country. The crowd was materially increased by the presence in the city of nearly 250 county teachers most of whom attended the meeting. Besides this there were two large family reunions, that of the Seigel family and the Irwin family; the weekly matinee races under the auspices of the local driving club were also scheduled for the afternoon and this event always draws several hundred horse race enthusiasts.

The picnic was widely advertised in towns and cities in the surrounding counties, but the excursions which were scheduled to bring thousands to the park failed to materialize. The regular street car service was sufficient to care for the crowds going to the park without the additional special service usual when a large crowd is handled.

The speakers of the day were Ex-Governor R. B. Glenn of North Carolina, Rev. P. A. Baker, James A. Rice of Canton, Howard H. Russell, Wayne B. Wheeler and several local men.

One of the drawing cards for a large gathering was the announcement that the father of Carl Kierington, the victim of the lynching tragedy, would be present, but he failed to be present. The announcement was extensively made in certain papers of adjacent cities.

The time of the speakers was divided up so a part of them spoke in the morning and the others in the afternoon. Some of those who attended the picnic were more interested in the entertainment offered at the half mile track and at Wehrle park across the canal, and when the excitement started at these two places many left the picnic and witnessed the races or the ball game as their inclinations prompted.

It's made with milk. Always fresh and good. Ask your grocer for it.

BUTTER KRUST

It's made with milk. Always fresh and good. Ask your grocer for it.

* RAILWAY AFFAIRS. *

Through With Retrenchment.

The announcement yesterday that the Southern Pacific and other Harlan lines will drop 6000 men from the payroll by the end of September, 2000 to be let go this week, was followed by a story that the Pennsylvania was to further retrench by the discharge of about 1000 men. However, the story no more than gained circulation until it was denied by an official of the Pennsylvania, who stated that the retrenchment policy of the Pennsylvania is practically over and that instead of dropping men the company is now employing all of the men it can get. "Instead of laying off men," the official said, "we are now taking men on."

Old and New Locomotives.

Comparison between the largest passenger locomotives built for the Pennsylvania railroad and the oldest locomotive in America shows the progress made since the first railroad train was put into service at Bordentown, N. J., on the Camden and Amboy Railroad in 1825—eighty years ago. The oldest locomotive "John Bull" is still intact at the National Museum in Washington. The locomotive which the Pennsylvania Railroad has adopted for heavy passenger service is of the Pacific type, and it is the most powerful passenger locomotive in use on the Pennsylvania Railroad. The locomotive and tender of the new Pacific type, or "K-2" as it is called, when loaded with coal and water weighs about 130,000 pounds. The "John Bull" loaded for operation weighs 21,625 pounds, about one-sev-

CONFERENCE GETS DOWN TO BUSINESS

PHILADELPHIA PASTOR AND OTHER CHURCHMEN TAKE PART IN PROGRAM.

Bible and Mission Study on Program for This Morning—Chinese and Japanese Girls Attend.

Granville, Aug. 21.—The great mass of the delegates to the Young Woman's Christian Association conference now being held here have arrived and the conference has at last got down to the business for which it was convened.

The delegates have been divided into departments or classes, which are instructed by competent heads in the study of the Bible and in mission work. All the young women seen to take great interest in the work and the sessions are all largely attended.

Among the prominent workers who are in attendance and are taking an active part in the proceedings and who are on the program for addresses in the evening are Rev. Jas. P. Swaine, pastor of the Woodlawn Presbyterian church of Philadelphia, Rev. Thomas R. White, pastor of the First Presbyterian church of Bloomington, Ind.; Rev. G. Alden Atkins, pastor of the Central Provident church of Providence, R. I.; Rev. Charles E. Burton, pastor of the Euclid Avenue Congregational church of Cleveland, and Robert E. Lewis, general secretary of the Cleveland Y. M. C. A.

Interest in the proceedings are a high tide, owing to the fact that the conference has with it such prominent, eloquent and talented men, who are thoroughly versed in all matters likely to be discussed at a meeting of this kind, and their addresses are such as to inspire all who hear them with renewed interest in the cause of Christianity.

Thursday morning the Bible and mission study classes began their work with a full enrollment. The work is along the lines of a regular school, and much valuable information is imparted to those who engage in the study.

Among those who are registered on the books of the secretary are a number of Indian girls from Carlisle and several Chinese and Japanese students.

Probably the most interesting meetings of the week will be those held on Sunday morning, and evening. Both of these meetings will be addressed by Rev. G. Glen Atkins, who has the reputation of being one of the most brilliant and able speakers in the country, and his address will be worth hearing. It is quite probable that there will be some special music, something that will be out of the ordinary, furnished by singers selected from the audience.

The meeting this evening will be in charge of Rev. Thomas R. White, pastor of the First Presbyterian church of Bloomington, Ind.

DR. BARNES' FUNERAL.

The funeral of the late Dr. E. S. Barnes, mayor of Granville, who died at his home on Main street, Wednesday morning at 10:45 o'clock, will take place Friday afternoon at 2:30 o'clock. The services will be conducted by Dr. C. J. Baldwin at the Baptist church, and the funeral will be under the auspices of Center St. Lodge, No. 11, F. & A. M., and the interment will be made in Maple Grove cemetery.

K. of P. Picnic.

The picnic held by the members of Altaham Lodge, K. of P., and the members of Arbutus Lodge Pythian Sisters, of this place, at Car Run on Wednesday, was largely attended, notwithstanding the inclemency of the weather. There were many expressions of regret during the early hours of the morning over the outlook, but as the day advanced and indications pointed to better conditions, all took on a more hopeful aspect. By 9 o'clock everybody was enthusiastic and hundreds went out to the beautiful picnic grounds where a day of unalloyed pleasure was had. The Granville band and the Welsh Hills band furnished music all day long. One of the best features of the day was the splendid dinner that was served at the noon hour and to which all did ample justice. All who were in attendance at the outing had a most enjoyable time.

Mr. and Mrs. L. R. Jones left on Thursday morning for a visit with friends in Chicago and a trip through the west.

Mr. and Mrs. Frederick G. Howell of Massillon, O., who have been spending a few days in Granville and vicinity, visiting relatives and friends, left for their home Wednesday, after having had a most enjoyable visit.

Thomas Suddeth of Shawnee made a short visit in the village Wednesday.

Miss Maud Pratt, daughter of P. L. Pratt of Pittsburg is visiting at the home of Mr. and Mrs. E. P. Wright, on College street, as is also her brother, George Pratt.

INSTITUTE

(Continued from Page 1.) the beauty and harmony of English literature.

After his talk the session adjourned for dinner. At 12:30 the afternoon session was taken up by a splendid talk by Prof. J. B. Clarke from the State School

Commissioner's office his subject being "Agricultural Supervision." Prof. Clarke, who is also supervisor of agriculture of the southeastern part of the state, handled this subject well on the course to be pursued in this study. He urged that not only is it necessary to teach the pupils the theories, but that they must go out in the fields with the pupils and show them how their theories can be put into practical use.

At 1:45 o'clock the institute adjourned to enable those who wished, to attend the County Sunday School Temperance picnic.

The program for Friday is: FORENOON SESSION. Music.

8:45—Devotional Exercises—Rev. F. E. Vernon.

9:00—Round Table.

9:40—Money and Its Uses—Dr. Gephart.

10:30—Intermission.

10:45—An Appreciation of the Vision of Sir Launfal—Dr. Green.

11:30—Announcements.

AFTERNOON SESSION. Music.

1:15—Election of Officers.

1:45—The U. S. of Americans—Dr. Gephart.

2:30—Wireless Messages for the Teachers—Dr. Green.

3:15—Granting Certificates of Attendance.

On Friday the following interesting topics will be discussed at the Round Table, which will appeal especially to the new teachers:

1. Teacher's attitude toward the pupil who tries to worry the teacher?
2. How begin your first day?
3. How avoid too many classes?
4. How much attention shall the beginners receive?
5. How often have reading recitations in the first three grades of the rural schools?
6. How win the good-will of your pupils?

7. What were some of the problems the teachers of one year's experience?

8. Questions from the teachers.

While the new teachers are discussing the above features, the experienced teachers will discuss the following:

1. How correct bad use of English, both oral and written, in school work?
2. How encourage parents to visit schools?
3. How much rhetorical work should be required and how get best results?
4. Would the reading of Classics be preferable to the reading text books in the seventh and eighth grades?
5. Do we begin the use of the text book in Geography too soon?

That Old Sweetheart of Yours

How many men at middle age recognize in their careworn, overworked wives, the beautiful girls whom they won in their youth? Overwork produces premature age and should be avoided by using Hewitt's Easy Tass soap for kitchen and laundry work. It's original white laundry soap and has been giving satisfaction for a quarter of a century. Costs five cents, and you need it help.

Taudeville Actors Are Held Up At Ellis Island, N. Y.

Hassan Ben Ali, the producer of Taudeville acts and importer of foreign novelties, is having considerable trouble entering a troupe of Arab acrobats in this country. Forty of these dusky performers arrived on the steamship "Olympic" of the White Star Line on August 16th, 24 of the number being engaged for the coming season at the New York Hippodrome, and the other 16 for the Aborn Opera company's new production of "The Bohemian Girl." The first difficulty came when they arrived at Ellis Island, where the usual blank had to be filled out for each member of the party. They were all Beibers, and although the blanks bore the name of nearly every known race or nationality printed on them, there was no place on it for the Berbers, a tribe in northern Africa, generally erroneously called Arabs, and there was considerable red tape to be overcome before the blanks could be filled. The next obstacle, and a more serious one was the fact that 10 of the acrobats were under the age required by law, and these are now held at Ellis Island. Hassan Ben Ali has appealed to the Bureau of Emigration at Washington to have this restriction waived, and Milton and Sargent Aborn have sent their attorney there to make application for the release of the Berbers. This is the second troupe of acrobats Hassan has brought over for Messrs. Aborn, the first one, numbering 18, having been brought to America last year for their first production of the "Bohemian Girl." This operation was so successful that the Aborns decided to make a duplicate of it so there will be two companies presenting this opera during the coming season one in the East and the other in the West, and hence the importation of the second troupe of 16 Berber acrobats.

"RUBEROID ROOFING IS GOOD roofing." Give it a trial. Price reasonable. Quality unsurpassed. The P. SMITH SONS LUMBER CO. 186t

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as to without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Free, Buffalo, N. Y.

Daddy's Bedtime Story

The Cat That Played With Wild Animals

“CATS can sometimes make friends with wild animals that even the keepers dare not go near,” said daddy.

Jack and Evelyn had been talking about Tabby's strange taste. Tabby likes snakes, and a cat that goes about with a garter snake curling out at both sides of her mouth as she carries it is apt to be let alone at such times by even her best friends.

“Did you ever know a cat that had wild animal friends?” asked the children.

“Well, I had heard so much about Topsy, the clever cat at the Bronx park in New York, that I felt quite like an old friend. I knew your children would like to hear about her, so the last time I visited New York city I went up to the park, where all sorts of wild animals are kept in cages for people to look at. About the first animal I saw was Topsy, the park's pet Maltese. She was walking along proud as Punch with her silver collar. Topsy was on her way to call on Gunda, the big elephant, who was her best friend. Gunda was fond of Topsy because she kept the elephant house free from rats and mice. Elephants are dreadfully afraid of mice. Gunda would allow Topsy to get on her trunk and walk up to her back, where the cat would stretch out and stay as long as she pleased.

“The crosser old lion would roar a glad welcome to Topsy and would even allow her to nibble at his food if she took a fancy. ‘We don't mind her!’ A little cousin of ours, old Leo seemed to say if Mistress Topsy would make a playful pat at his bushy whiskers or a dash at his switching tail. Mice disturbed old Leo, too, and they were too small for him to catch himself. So he took pains to be nice to Topsy when she called at his cage.

“Many strange cats came into the park every day. They were thought to steal the food of the caged animals. Director Hornaday heard so many bad stories of these thieves that he sent out men to shoot stray cats on sight.

“One day one of these men came along by the house in the park where the snakes are kept. A big Maltese cat with a silver collar was sunning herself on the doormat. The cat hunter raised his gun and fired. He not only hit poor Topsy, but the ankles of the watchman who was just coming out of the snake house.

“When the watchman saw that Topsy had been killed he was very angry. Then the man who has charge of the snakes came out to see what the noise was about and found his pet cat had been killed. What he said to the cat hunter made his ears burn for many a day.”

Pocahontas Notice.

The degree team of Pocahontas lodge is requested to meet at Red Men's Hall tonight at 7 o'clock sharp to make arrangements for Sister Vogelmeier's funeral.

First Presbyterian Church Supper.

Saturday, 4:30 to 7:30. Stewed chicken, mashed potatoes, hot biscuits, gravy, succotash, vegetable salad, apple sauce, bread, coffee, ice cream, cake, 25c. 24d2

Returns From Hospital.

Mrs. Gilchrist of this city, who has been under treatment at Keenan's Hospital, Cambridge, for some time, has improved greatly during the time she has been there, and returned home Tuesday.

Sherman Brigade Reunion.

The old Sherman Brigade, which fought under General Thomas at Chickamauga, and also marched with General Sherman to the sea, and in which many Licking county boys took part, is holding its annual reunion in Mansfield this week.

At Second Presbyterian Church.

The Second Presbyterian church services next Sunday will be conducted by Rev. Mr. Wilson of Glendale, Cincinnati, instead of Dr. McKibben, who must go to Wisconsin. Rev. Wilson is a fine minister of the Presbyterian church and highly recommended by Dr. McKibben.

Report Not True.

The report that the W. L. Prout room, on the west side of the public square, formerly occupied by the John J. Carroll store, had been leased to a live and ten-cent store, to be opened in the near future, is denied. An Advocate reporter called at the Carroll store Thursday in reference to the matter, and was told that there was no truth in the story.

Newark Man Interested.

H. L. Maddocks, civil engineer of Newark, was in the city Tuesday, looking after some data and facts pertaining to the town of Hartford, this county. Mr. Maddocks stated that steps will soon be taken toward bringing about the incorporation of Buffalo, as the citizens of that busy, growing town are wanting municipal government. Buffalo is a thriving town and its citizens are industrious and progressive, and should have what they wish—Cambridge Jeffersonian.

Lots of Fruit.

With plenty of elder and grape wine to drink, and cheap apples and pears to eat during the cold winter evenings, the minds of the farmers are set at rest as to the comfort of their homes this winter. By the same token, the fruit which is so plentiful this year will be cheap and within the reach of all city people, and for the first time in many seasons, fruit can form an important article of diet. Cider presses have started up all over the country and hundreds of gallons of cider have been made from the apples which the wind blows off the heavily laden trees.

"Always on the job." White's taxicabs. Immediate service. Both phones. 8-21-f

At Gabke's Shoe Store—Big bargains in Oxfords and Shoes. 23d4

GOOD NEWS.

Many Newark Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Newark are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

F. Lisey, Newark, O., says: "I was afflicted with kidney complaint, and my back was so sensitive that I was in misery when I attempted to get up after sitting. Sharp pains often darted through me and other symptoms of kidney complaint were in evidence. This trouble resisted every treatment until I used Doan's Kidney Pills. They cured me permanently and I have no hesitation in confirming all I have previously said in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other. 26

VALENTINE-OLDAKER REUNION.

The 25th annual reunion of the Valentine-Oldaker families was held at the home of Mr. and Mrs. John W. Oldaker, at Hebron, on Saturday, Aug. 20. After the dinner, which was spread on the lawn, the afternoon was spent in speech making and visiting, all of which was thoroughly enjoyed by the 50 or more who were present. A sad feature of the gathering was the absence of Aunt Mary, the aged mother of J. H. Myer of Buckeye Lake, who seldom has missed being present at these yearly meetings. Her absence was on account of a broken leg sustained by a fall several months, and which, on account of her advanced age of 93 years, has kept her at home ever since. The next reunion will be at the home of Louis Artz, in Liberty township, on the third Saturday in August, 1912.

TWO ARE FATALLY BURNED IN FURNACE

Youngstown, Aug. 24.—Two men were fatally injured and five more seriously burned today while cleaning out a furnace in a mill at the Youngstown Sheet and Tube Co. The men were enveloped in a sheet of flame and red hot cinders. The accident occurred without a moment's notice.

GOVERNOR GRANTS REPRIEVE TO SCOTT

Columbus, Aug. 24.—It was stated semi-officially at Governor Harmon's office today that Steve Scott, a negro whose electrocution is set for shortly after midnight at the penitentiary will probably be reprieved for two months. The announcement was made before the governor arrived at his office, but it was stated that the reprieve would undoubtedly be granted inasmuch as the state board of pensions has not had Scott's case and no meeting will be held until October. Scott was sentenced from Miami county in April, 1910 for killing an Italian laborer at Piqua with intent to rob. His execution has been twice delayed previously. He is 34 and a barber by trade.

FRECKLES

New Drug That Quickly Removes These Homely Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as a new drug, othine—double strength, has been discovered that is a positive cure for these homely spots.

Simply get one ounce of othine—double strength, from W. A. Erman & Son, and apply a little of it at night and in the morning you will see that even the worst have begun to disappear, while the light freckles have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles.

NO LIMIT TO RANGE OF BIG GUNS OF NAVY

Washington, Aug. 24.—Apparently there is no limit to the range of the big guns on Uncle Sam's ships and coast defenses. A few years ago a gun which could shoot accurately a distance of ten miles was considered remarkable, but the latest acquisition to Uncle Sam's armament will demolish any battleship or fortification now in existence at a distance of fifteen miles.

When it is considered that during the civil war, only fifty years ago, two miles was the greatest range possible with the guns in use at that time, the range of the new 14-inch death dealers seems phenomenal.

These new guns will be mounted on the largest of the new battleships, the Texas and the New York, both of which are of the Delaware type and it is claimed that the perfection of these guns will make these two ships the most powerful and most to be dreaded in the world. The new gun is 53 feet, 6 1/2 inches long and weighs, stripped, 63,6 tons. The diameter of the breech is 47 inches and at the muzzle 24 inches. Each one will cost \$74,770, and the carriage upon which the gun is mounted will add \$50,000 to this price.

At the muzzle the gun has a velocity of 2,600 feet a second and the power behind the projectile will drive the latter at the rate of eight miles in 25 seconds. The penetrating power of the 14-inch monster is 12 inches of the best face-hardened steel at 8 miles; 11 1/2 inches at 10 miles; 10 1/2 inches at 12 miles and 9 inches at 15 miles. The projectile weighs 1,400 pounds, is 5 1/2 feet in length and costs \$450. It is loaded with a bursting charge of 45 pounds of "dunnite," the most powerful explosive known. The powder charge used behind the projectile to give it velocity consists of 4 bags of 90 pounds each of smokeless nitrocellulose.

The cost of these guns at first sight appears immense, but when it is considered that, far over the horizon, one shot from one of these monsters would batter and possibly destroy any battleship now afloat and that a single round of ten of them at a distance of fifteen miles would be sufficient to lay New York in ruins, the primary cost does not appear so great.

Eight Hour Bill For Watchmen In Government Buildings

Washington, Aug. 24.—Representative Reilly, of Meriden, Conn., has introduced in the house a bill making eight hours the maximum limit of time which any watchman in a government building shall work continuously.

At present the watchmen of whom there are hundreds in Washington alone, go to work early in the evening and stay on duty until the opening of the offices the next morning. From twelve to fourteen hours is the average working time of many, Representative Reilly declares.

Representative Reilly holds that the government has applied the eight hour working day principle to all work done for the government, and that it is inconsistent with this policy to require night watchmen in government buildings to work more than this time.

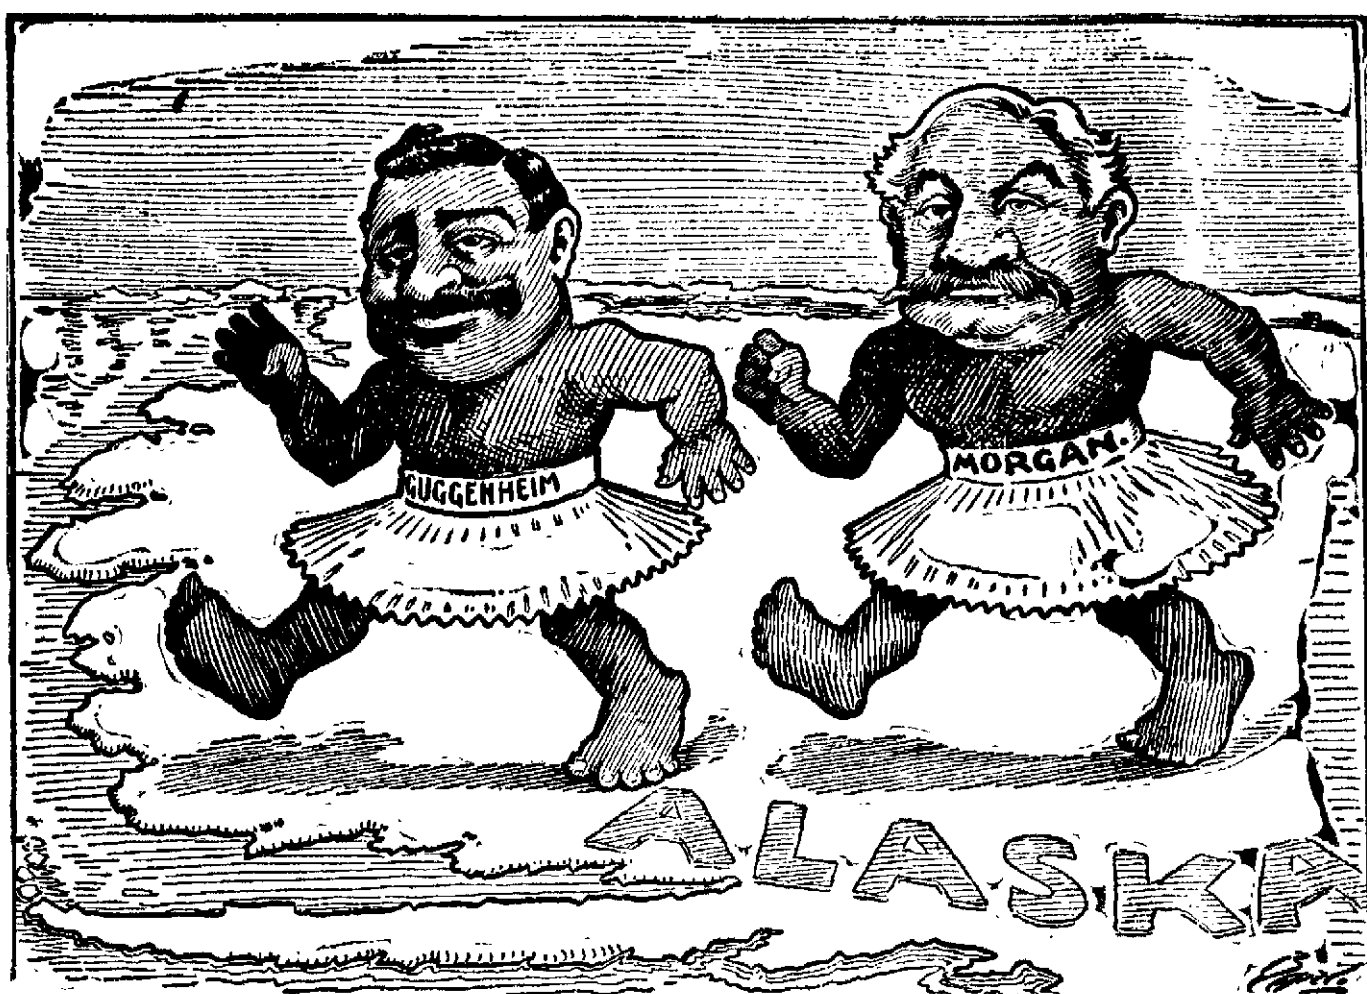

His bill will not receive consideration at this session.

Expert Witnesses Will Prove Anything

Washington, Aug. 24.—Expert witnesses do not stand very high with Representative Alexander, (Dem.) of Missouri, who voiced his opinion recently when reviewing the testimony of physicians some of whom maintained there was no cure for cancer, while others asserted there might be.

"Why talk about expert witnesses," said Representative Alexander, "you can prove anything by them. I was trying a personal injury case out in Missouri and I had eight physicians testify that brown spots on a man's back were liver spots. And the other side had eight doctors swear that those same spots were freckles."

"ATLAS PORTLAND CEMENT" is the ideal sidewalk cement. It is also the government standard of quality. The P. SMITH SONS LUMBER CO. 18-6t

—From Minneapolis Journal.

ALASKA MUST BE DEVELOPED—BUT—DO WE WANT THE COAL TRUST TWINS TO DO THE WORK FOR US

THIRTY THOUSAND MINERS TO SEE SAFETY DEMONSTRATION

Washington, Aug. 24.—Thirty thousand miners are expected to attend the great national mine safety demonstration to be held in Pittsburgh, Oct. 26 and 27, under the auspices of the federal bureau of mines, the American Red Cross, the Pittsburgh Coal Operators' Association and the United Mine Workers of America.

The date, which was originally set for Sept. 16, has been changed so that President Taft may be present on the second day, Oct. 27, to witness a mimic mine explosion in a temporary steel gallery on Forbes Field, an exhibition of rescue work by helmeted miners following an explosion, and to review the parade of miners.

The president will make an address and will present souvenir prizes to the miners taking part in the first-aid-to-the-injured and rescue work exhibitions. Walter L. Fisher, secretary of the interior department; Governor Tener of Pennsylvania, and Dr. Joseph A. Holmes, the director of the bureau of mines, will also be present. The general arrangements for the demonstration are in charge of H. M. Wilson, engineer-in-charge of the bureau of mines.

The demonstration, the purpose of which is to teach greater safety in mining, will begin the morning of Oct. 26 at the experiment station of the bureau of mines, Fortieth and Butler streets. The first day will be devoted to the interests of the mine operators, mine owners, mining engineers and superintendents of mines. There will be an explosion of coal dust in the experiment gallery and tests of mine safety lamps in gas. The danger of electric sparks in gas and coal dust will also be shown in one of the galleries.

A class of miners will be trained in the use of the oxygen helmet, which permits breathing in poisonous gases for a period of two hours. The oxygen helmet has proved a valuable aid in entering mines filled with fire damp following an explosion.

In the afternoon the operators, engineers and superintendents will witness an actual mine explosion in the experimental mine of the bureau at Brunston, Pa., 12 miles from Pittsburgh. Coal dust will be allowed to accumulate in the mine, and black powder, the use of which is strongly urged against by the bureau of mines where there are dangerous conditions will be used. In other words, the bureau's experts will carry out in this mine all the bad practices which

they believe lead to explosions.

The next morning, Oct. 27, the demonstration will take place on Forbes Field, the Pittsburgh baseball park, in the presence of the president of the United States and other distinguished visitors. A temporary steel gallery will be erected on the playing field and the cause of the recent great explosions in coal mines will be dramatically shown in an explosion of coal dust. Immediately following the explosion, members of one of the rescue corps of the bureau, in their oxygen helmets, will rush into the smoke-filled gallery and go through the work of rescue. Supposed victims of the explosion will be brought forth and given first-aid-to-the-injured.

Expert rescue teams from the principal coal mines of the country will give friendly exhibitions and then the miners will pass in review of the president. The parade of the miners will continue down town to the river front, where a special pier has been assigned them to witness the marine parade in honor of the centenary of the beginning of steam navigation on the Ohio river. The miners' demonstration will conclude at noon and the remainder of the day will be taken up with the river centennial.

BUTTER KRUST

It's made with milk. Always fresh and good. Ask your grocer for it.

IMPROVING NATURE AN EVERY DAY EVENT

Washington, Aug. 23.—When it comes to painting the lily or carrying coals to Newcastle there are very few concerns which have anything on the Reclamation Service. Improving nature is one of the easiest things they do and the creation of scenic beauties, "natural not artificial"—as the guides so proudly say—is a weekly occurrence in the annals of this branch of the department of the interior.

The addition of a beautiful lake in Wyoming's other scenic attractions is the latest stunt completed by the engineers of the service. By closing the entrance to a narrow cañon on the Shoshone river with the highest dam in the world, a broad mountain meadow has been transformed into a lake which covers an area of over ten square miles and is more than 100 feet deep. As the

lake is located in the region of the Yellowstone Park—the same wonderfully beautiful colorings which make the Park one of the show-places of the country are to be found in the vicinity of the lake.

In addition to being a thing of beauty the lake serves an economic end in guaranteeing bountiful crops to the hundreds of farmers who live further down the Shoshone river. From a sheep pasture of but little value this land has become a valuable agricultural region.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. O. Address: P. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

STARTS BUSINESS IN MAYFLOWER BUILDING.

W. F. Webber, formerly associated with Stewart O. Teaff the plumber, has disposed of his interest in the above firm and has embarked in business for himself at Nos. 2 and 3 Mayflower Building, where he will be pleased to meet all his friends. Auto Phone 1792. 2243x

MIGHT TRY THIS ON BLACK HAND ROCK

Washington, Aug. 24.—Experiments are now under way along the Panama Canal with a "gun" with which cement is being blown upon rock surfaces. The rock slides of Calaca cut are crumbling, it is found, and to save them from further deterioration, a coating of cement is being applied. This coating, which is about an inch thick, is expected to prevent further crumbling. The cement is blown with such force by the cement gun that it is believed it will become practically a part of the rock itself.

The "gun" mounted on a flat car has a capacity of coating 200 square yards of surface in one day. Five men operate the apparatus.

It is operated by compressed air. Sand and cement are blown from a nozzle with great force. At the nozzle, water is mixed with the sand and cement, so that by the time the ingredients reach the rock surface against which they are directed, they form a well-mixed concrete mixture.

VETERANS AT THE G. A. R. ENCAMPMENT

Outnumber Attendance for Years. Twenty-Five Thousand in the Line of Parade.

Rochester, N. Y., Aug. 24.—In the words of their "greatest leader," who expressed the national yearning in his words "Let us have peace," President Taft last night appealed to 20,000 members of the Grand Army of the Republic, gathered in their annual encampment in Convention Hall, on behalf of the pending arbitration treaties with France and Great Britain.

As the men who knew the horrors and sacrifices of war, he said, he asked them to approve the peace pacts and urge ratification by the Senate.

The President spoke to the veterans of the struggle which they went through 50 years ago, and the one which he said now confronts this nation. He found a striking analogy in the two, although the struggle of today, he declared, will be bloodless.

In the end, the President said, the peace-loving, straight-thinking people of the country will be victorious, but the fight itself may be the longer because it will be fought out to the end without bloodshed and the roar of the battlefield.

Immediately after speaking at the camp fire President Taft boarded his private car and left for Beverly, Mass., where he arrived this morning.

With over 25,000 veterans here, the 45th annual encampment of the G. A. R. has broken all former records for attendance.

The veterans occupied nearly five hours in passing the reviewing stand, it being estimated that 25,000 were in line, the largest number in years.

The politics of the encampment are beginning to assume a definite shape. The G. A. R. is going through one of the worst storms in its existence in endeavoring to select a commander in chief.

It looks like a foregone conclusion that Judge Harvey M. Trimble, Illinois, will be honored with the office.

John McElroy of Washington, the other candidate, has had his chances injured in the letter made public yesterday, in which the veterans allege he tried to drag Republican politics into the G. A. R. business. This letter was written to Wm. J. Patterson of Pittsburgh, and in it, the Washington aspirant averred that he was the choice of the national administration for the post of commander-in-chief.

McElroy made a statement in which he admitted having written the letter but said it was marked "confidential." There is a rule of the Grand Army which prohibits the discussion of politics in its posts or encampments, but "this letter," said McElroy, "was a confidential communication from one comrade to another."

Judge Trimble has expressed himself upon the question of pensions, the absorbing topic of encampment, as follows: "I favor any good pension bill that will bring the old soldier the reward which they have so justly earned. I presume the best bill will be the one indorsed by this present encampment."

REMOVING HER SKIN. (From the Feminine World.)

The quickest and surest way to make a good complexion out of a bad one is to actually remove the thin veil of faded or discolored outer skin from the face. This can be done easily, safely and privately by any woman. The process is one of gentle absorption.

Get an ounce of pure mercolized wax from your druggist and apply it at night like cold cream, washing it off in the morning. In a few days the mercolide in the wax will have absorbed the disfiguring cuticle, revealing the fresh young skin underneath; you will have a beautiful, clear, natural complexion. The process is pleasant and harmless, making the face look brilliantly attractive and youthful. It also effectually removes such blemishes as freckles, tan, moth patches, liver spots, pimples, etc. Every woman should keep a little mercolized wax on hand, as this simple, old fashioned remedy is the best complexion beautifier and preserver known.

BOLERO WRAPS.
During the early fall months simple dresses of surah silk in the season's rich colorings, with additional wraps on the bolero order, will be unusually good. These bolero wraps are one of the welcome innovations of the season, and all who have seen these new three-piece garments have voted them one of the most elegant and useful feature of the new season's styles.—Harper's Bazar.

CHINKS CHEW AMERICAN GUM

Washington, Aug. 24.—The march of civilization, which has resulted in the introduction of cigarettes and cigars into the mouths of the Chinese people, has also had the effect of making them acquainted with another occidental luxury—chewing gum.

Whole gum was formerly totally unknown to the Chinese, recent reports from Hongkong state that one native firm there sold more than \$5000 worth during the past year and that the delicacy has taken a firm hold not only on the "heathen Chinese," but also on his wives and children, and that it is a common sight to see large crowds of Chinese going through the streets of their native city, all their jaws working in unison on American chewing gum.

CLEVER FRAUD IS DISCOVERED BY THE POSTAL DEPARTMENT

Washington, Aug. 24.—The Postal Department has just discovered what it claims is one of the most clever schemes for obtaining other people's money, earned cash, formulated in years. The department has been watching the development of the plan for some time and the recent numerous complaints from alleged victims of the originator of the scheme has had the effect of forcing the issuance of a grand order against the company concerned and the indictment of the proprietor of the two offending organizations.

According to the statements of the postoffice detectives in charge of the investigation the ingenious originator of the scheme had the following advertisement inserted in daily papers throughout the country:

"Young men wanted to copy letters at home \$15 weekly made by easy, congenial work. Send 10 cents as evidence of good faith to

Those who were desirous of increasing their weekly stipend by the addition of \$15 or more for the amounts specified varied in the different advertisements—sent the required amounts in return they received a letter saying that the company was anxious to get letters, to be used as testimonials written on a special typewriter which he was placing on the market. On the receipt of \$3 the proprietor of the firm then would send a little "novelty" typewriter which the postoffice detectives claim can be bought at retail for 98 cents and upon which it is impossible to write too letters, much less the 1000 for which the company was willing to pay \$20.

The originator of the plan is alleged to have admitted that he bought the machines for less than a dollar and that he sold over a hundred of them in three months through this advertisement.

A King Who Left Home.

COLONISTS TO GO IN FINE STYLE

Omaha, Neb., Aug. 24.—Gerrit Fort, passenger train manager of the Union Pacific Railroad Company, announced today that the colonist trains that will be run from Omaha to San Francisco and other western points Sept. 16, 17 and 18, and Oct. 13, 14, 15 and 16, will be trains de luxe in fact they are to be officially known as Colonist Trains de Luxe—and will be practically the equal of many limited trains. The unique features of these trains will be Victor and Victrola concerts, a lounging car, a popular priced diner and comfortable tourist sleepers. All this for the homeseeker—the real colonist, who represents far more money to the railroad than does the casual tourist.

The Victrola concerts—there are to be three of them a day, in order that all may have an opportunity to hear, will be given in the lounging car.

In the diner the menu will be so arranged that a full dinner may be had as low as 50 cents, or, if the travelers wish to carry their own meals, they may supplement them with hot coffee or tea at 10 cents, a half grapefruit for the same price, or similar articles at correspondingly low prices.

"There's nothing too good for our colonists," said Mr. Fort.

A REGAL HEAD

How often do we hear or see this expression used in describing a beautiful woman!

Denude that head of its hair and instead of a queenly, royal bearing we have a fright. The hair makes all the difference. To have that glorious abundance of radiant hair which always crowns "a regal head," one should use Newbro's Herpicide.

Herpicide represents the last word in scientific hair culture. It destroys the dandruff germ, checks falling hair and corrects generally, diseases of the hair and scalp.

The positive results and its delicate but refreshing odor recommends Newbro's Herpicide to ladies of refinement everywhere.

Send 10c in postage for sample bottle of Herpicide and booklet to The Herpicide Co., Dept. R, Detroit, Mich.

One dollar size bottle sold and guaranteed by all druggists.

Applications made by the best barbers and hair dressers.

W. A. Erman & Son, Special Agents.

HESSIAN FLY WARNING.

Wheat growers are hereby warned that Hessian fly is rather plentiful in good many sections of Ohio this fall and in those localities where it is known to be present, it will be unwise to sow wheat early. Where rainfall has been reasonably abundant, the flies may be expected to appear at the normal time and the following dates for seeding in the different parts of the state are suggested by the Ohio Agricultural Experiment Station as safe for such districts:

Northern third of the state—Sept. 20 to 25, the latter date for the southern counties of this area.

Middle third of the state—From Sept. 25 to Oct. 5.

Southern third of the state—From Oct. 5 to Oct. 10.

Neighborhoods which are certainly free from the fly may sow two or ten days earlier than these dates, while neighborhoods more or less infested with fly and having been afflicted with drought during summer and fall, will be safer from fly attack if sowing is done a few days later than the dates here scheduled. Dry weather retards the development of the fly without destroying it, except in cases of extreme and prolonged drought, and the belated brood may appear in numbers, following the fall rains, a week or two later than their usual time.

FARM TRAIN THROUGH HERE WEDNESDAY

The farming agricultural train that is being operated by the B. & O. railroad in a campaign in the interest of improved farming conditions, reached Newark from a trip over the Lake Erie division Wednesday afternoon about 4 o'clock, having made stops at Fredericktown, Mt. Vernon, Utica and St. Louisville. No lecture was delivered here, but quite a number of persons visited the train during the short time it remained here. From here it went to Pataskala, where a lecture was given, after which the train went to Columbus. The train was in charge of W. W.

MAIMED HERO OF GETTYSBURG, GENERAL SICKLES, IN WHEEL CHAIR AT THE GRAND ARMY ENCAMPMENT

Greeted with cheers by 8000 comrades, couriers and with hand clasped by as many as he could accommodate, General Daniel E. Sickles of New York City, 86-year-old hero of Gettysburg and many other fierce conflicts of the civil war, made his appearance at the G. A. R. encampment at Rochester, N. Y., wheeled about in a chair by a devoted attendant. Forty-eight years ago, on July 2, 1863, the second day of the battle of Gettysburg, General Sickles, who commanded the Third army corps under General Meade, received a wound in his right leg which necessitated amputation. General Sickles received the congressional medal of honor for most distinguished gallantry in that battle, "both before and after the loss of his leg," as the record reads. Men who served under him there and at Fair Oaks, Malvern Hill, Antietam, Chancellorsville and other engagements where he led his corps, greeted him at Rochester with affection. General Sickles is only two years younger than General Grant would be if living.

BRIGHTEN THE BATHROOM.
In planning bathrooms, architects unanimously specify white, the symbol of cleanliness and purity. The tile and tub will get dirty but the white effect can be restored and preserved by using Hewitt's pure white Enam Task Soap. It cuts the grease and loosens the dirt, but does not scratch. A cake only costs a nickel.

YOU NEED THAT VACATION.

A. D. & C. Coast Line Trip to Mackinac is Most Delightful Now.
You see it's like this—you've hampered away at your work all season and now you feel the need of that vacation which you've been denying yourself. The D. & C. line offers the best transportation facilities to Mackinac and the North Country, where every inch of scenery is interesting and where every little lake contains the fish that bite.

Send for the D. & C. pamphlet and take the next steamer. Detroit & Cleveland Navigation Co., Detroit, Mich.

She—"Women are more economical than men" (ie—"That's right. A man will manufacture a lie out of the whole cloth, but a woman will generally use remnants.")

99TH SESSION OF OHIO M. E. CONFERENCE

WILL OPEN IN NEWARK SEPT. 27 AT THE NEW FIRST M. E. CHURCH.

2800 Methodists in Newark Will Entertain Conference Delegates in Their Homes.

The 99th session of the Ohio Annual Conference will meet in the First M. E. church in this city September 27. This is about ten days later than the meeting of the conference last year. The centennial session of the Ohio conference will be held next year at the First church, Columbus.

The churches within the bounds of the Ohio conference have a membership of 80,000, and the conference proper has an enrollment of 300 ministers, \$200,000 are invested annually for pastoral support, \$90,000 for benevolent causes, and the church properties have a valuation of \$3,500,000. The Ohio conference is one of the strongest in the church and its workings are watched with interest by the whole church.

The new First church here has a seating capacity of 1500, and a membership of 1400. L. C. Sparks has been the pastor for the past nine years and is unanimously called to the pastorate for another year. There are about 2800 Methodists in Newark, and these will co-operate in entertaining the conference. The First church has a famous Woman's Guild, which has been very efficient in the new church enterprise which has just been completed by that church.

Bishop Earl Cranston of Washington, D. C., will preside and Bishop David H. Moore will be present for at least a part of the time. These are two of the greatest bishops of the church; Bishop Moore has his offices at Cincinnati, and was elected to the episcopacy from the Ohio conference. Bishop Cranston will preach at the Sunday morning session of the conference and scores of people from the surrounding cities will attend.

The conference sessions will be held in the forenoon and the cabinet sessions in the afternoon. Great interest will center in the cabinet sessions as the appointments are made by the cabinet which is composed of the presiding bishop and the district superintendents as follows: Drs. J. C. Arbuckle, A. H. Norcross, Herbert Scott, A. W. Mann, W. D. Cherrington and L. I. Magee.

The ministerial conference, composed of 300 members, will be in session one week; the lay conference, composed of 200 members, will be in session two days. Seven delegates will be elected to the general conference from the ministerial conference and a like number from the lay conference.

The general conference will meet in Minneapolis in May. The last general conference was held in Baltimore, at which time five bishops were elected and among the number was Dr. C. W. Smith, a brother of Mrs. A. H. Norcross.

A feature of the Ohio conference will be the anniversaries; at the missionary anniversary Dr. Robert Forbes of Philadelphia, Pa., and Dr. Stuntz of New York will be the speakers; Dr. Downey and Dr. McElfresh are scheduled to speak at the Sunday school anniversary, and for Southern Education. Dr. Mason of Cincinnati, one of the most eloquent negroes in the country, will deliver an address.

At the ordination service, which will follow the Sunday morning session, two men from the Zanesville district, will be recommended for admittance: Arthur Davison of Zanesville and N. G. Gordon of Hopewell, Muskingum county.
